

LATER FROM EUROPE.

Arrival of the Canada at Halifax.
HALIFAX, Nov. 23.—The Royal Mail Steamship Canada, from Liverpool on Saturday the 11th inst., reached her dock here at 20 minutes past eleven o'clock last night.
 The United States steamfrigate San Jacinto sailed on the 7th from Southampton for Bordeaux, there to take on board Mr. Soule, and convey him to Santander. Mr. Soule proceeded via Paris to Bordeaux.
 The African mail steamship Forerunner was wrecked on Lorenzo Point, Madeira, on the 25th October. Fourteen of the fifty souls on board were lost.
 On the night of the 20th, the enemy attempted to spike the French guns, but failed, and the Russians who did enter the batteries were killed. The French losses are not so great as might be expected, and the wounded are all sent to Constantinople, where the hospitals are all in an efficient condition. The health of the army is on the whole satisfactory, although sickness has appeared among the gunners from the ships. (Signed) CARROBERT.

The total French loss from the 17th to the 28th October was 600.
 Private accounts in the Monitor contain the French narrative to October 30th.
 On the 25th ultimo 20,000 Russians attacked the French rear, which was defended by the Turks from the redoubts, and took possession of them. The English commenced an attack and sent word to General Canrobert, who hastened the second division and a squadron of Chasseurs to their relief. The united French and English cavalry repulsed the enemy by a brilliant charge, in which the combat was sustained five minutes with the sword. The positions were retained.—The English loss was 400, and the French less not quite so great.

Menshikoff's statement is that General Liprandi took four redoubts, two of which he destroyed and the other two he retained and fortified. The Russians estimate the loss of English cavalry at 500. Sixty English prisoners were taken.
 On the 26th October the French had advanced their trenches within 300 yards of the Russian works, and the Chasseurs de Vincennes killed all the Russian Artillerymen who showed themselves at the embrasures.

Menshikoff reports via St. Petersburg that the evening of the 3d of November, the siege continued without a result.
 The English reports say that the city of Sebastopol is in ruins, that unburied corpses poison the air, and that the commander of the allied army refused Menshikoff the three hours he asked to bury the dead.—The Russian loss since the commencement of the siege is estimated at 11,000 men. The English assert that Menshikoff hoisted the Hospital flag over his principal magazine, and that they fired shell upon it and blew it up.

LONDON, Friday, 8 P. M.—There is no later news from the Crimea. The Monitor of this morning publishes a despatch received by government from General Canrobert, dated at headquarters, Sebastopol, Oct. 25th, saying the works of the siege are being continued. On the 25th the Russian army appeared on the Plains of Batiatava, but the battle which took place was of no particular consequence, although the English experienced some loss in a charge which was repulsed by them with great vigor. On the following morning 6000 men left Sebastopol and attacked the left wing of the British troops, but were beaten back. The Russians then rallied again and repeated the attack, but were again defeated with considerable loss.

GERMANY.—Vienna advises report that on the 31st inst., Austria and Bavaria came to a satisfactory understanding on the Russian question. Austria coincides with Prussia in postponing the deliberations of the German Diet on the war question until the arrival of the Czar's reply to the last Prussian note.
ENGLAND.—In London, on November 9th, Lord Mayor's day was duly celebrated. The new Lord Mayor of London, Alderman Moon, gave a grand banquet to the cabinet ministers and ambassadors. Mr. Buchanan was present.
FRANCE.—The Paris Monitor has a conciliatory editorial on the subject of Mr. Soule passing through France.
 All available troops are being hurried off to the Crimea.

The following official despatch is published: Paris, Friday: The visit of Lord Palmerston to this city will be an official mission concerning the policy of France and England in case of an attack on Cuba by the United States.
BRUSSELS.—The King's speech at the opening of the Legislature, Nov. 16th, says that Belgium feels more strongly than ever the value of neutrality. It also mentions that industry and art are flourishing, and that a commercial treaty has been concluded with Mexico.

Latest by Telegraph.
 LONDON, Saturday, 10 A. M.—A telegraphic dispatch from Marzelle, says, it is certain that in the action of Balaklava on the 25th consequent on the Russian surprise of the Turkish and English position, 400 British infantry and 600 British cavalry were annihilated, 1000 men and 800 horses being killed in three hours.—The numbers given are based upon the force that went into the field, and those that returned from it. The Russians say they took only 60 prisoners; the rest are missing—killed no doubt. 600 British light infantry were engaged, and only 108 returned; 500 English cavalry were engaged, and only 200 returned! The 17th Lancers were almost destroyed.
 All the Turkish Cavalry, and two more French Divisions have been ordered to the Crimea forthwith.
 The English fleet is not again to be tried before the walls of Sebastopol.
 The prices of breadstuffs have advanced.

 The credit system ruins both buyer and seller. It ruins the latter with bad debts, and the former with extravagance. Due bills are very properly named 'to them who are due'—about two-thirds of the bankruptcies that our runs against in the country.
 Ignorant people are to be addressed through the eye. If you want to pass for a great man with a blackhead, sport a hundred dollar cloak and a fifty dollar watchkey. An ignorant thinks that he alone has "sterling" parts, who exhibits shirt-buttons made of bullion. Make a note.
