The union of Emerson's Magazine and Futnam's Monthly has given to the consolidated work a circulation second to but one similar publication in the country, and has secured for it a combi-nation of literary and artistic talent probably unrivaled by any other Magazino in the world. During the first month, the sale in the trade and demand from subscribers exceeded he,000 cepies and the numbers already issued of the consolidated work are universally conceded to have sur-passed, in the richness of their literary contents, and the beauty and profuseness of their pictorial illustrations, any magazine ever before issued from the American press. Encouraged by these evidences of favor, the publishers have tetermined to commence the new volume in Janua-Also, Flour, Grain, Pish, Cheese, Bacov, Beans, ry with additional attractions, and to offer such tryed Apples, Salt, &c., on hands, and for sale inducements to subscriber as cannot fail to place it, in circumtion, at the head of American Maga-gines. With this view they now announce the following splendid programme. They have pur-shased that superb and costly stool-plate Edgra-

\$20,000 IN WORKS OF ART In addition to the superb engraving of "THE LAST SUMMER," which will be presented to every three-dollar subscriber for 1858, the publishers have completed arrangements for the distribution, on the 25th of December, 1858, of series of splendid works of art, consisting of one hundred rich and rare old paintings, valued at from \$100 to \$100 / each. Also, 2,000 magnifi-cent Steel-Plato Engravings, worth from \$3 to \$5 each, and 1,000 choice Holiday books, worth from \$1 to \$5 each, making in all, over THREE THOUSAND GIFTS, worth TWENTY THOU-SAND DOLLARS.

Inclose \$3 to the publishers and you will com-mence receiving the Magazine by return mail.— You will also receive with the first copy a numbered subscription receipt, entitling you to the Engraving of "THE LAST SUPPER," and a chauce to draw one of these "THREE THOUS AND PRIZES."

Reasons why you should subscribe EMERSON'S MAGAZINE for 1858.

First: Because its literary contents will, duing the year, embrace constributious from over one hundred different writers and thinkers, num-bering among them the most distinguished of A-

Second: Because its editorial departments, "Our Studio," "Our Window," and "aur Olio," will each be conducted by an able editor—and it will surpass, in the variety and richness of its editorial contents, any other magnetine.
