The union of Emercon's Magazine and Futnam's Monthly has given to the consulidated work a circulation second to but one similar publication in the country, and has secured for it a combination of literary and artistic raient probably and rivaled by any other Magazine land probably and the first weather we ring the first month, the sale in the trade and Is and from subscribers exceeded 50,000 cepies me the numbers already issued of the consolida tod work are universally conceded to have aurarred, in the richness of their literary contents, nd the beauty and profuseness of their picterial flustret one, any magazine ever before issued on the American press. Encouraged by these vidences of favor, the publishers have determined to commence the new volume in January with additional attractions, and to offer such inducements to subscriber as cannot fail to place it, in circulation, at the head of American Magazines. With this view they now announce the following splendid programme. They have purchased that superb and costly steel-plate Edgra-Silver Lapine, jewels,

"THE LAST SUPPER,"

and will present a copy of it to every three dollar subscriber for the year 1858. It was engraved at a cost of over 80,000, by the late celebrated A. L. Dick, from the original of Raphael Morghen, after Leonardi Da Vinci, and is the largest steel-plate cugraving ever executed in this country, being three times the size of the ordinary three-dollar engravings.

The first impressions of this engraving are held at \$10, and it was the intention of the artist that none of the Engravings should ever be offered for a less sum than \$5, being richly worth that amount. Thus every three-dollar subscriber will receive the Magazine one year—cheap at \$3 and this splendid engraving, richly worth 5; thus getting for \$3 the value of \$8.

We shall commence striking off the engravings immediately, yet if can hardly be expected that impressions of so large a plate can be taken as fast as they will be called for by subscribers.— We shall therefore, furnish them in the order in which subscriptions are received, Those desire to obtain their engravings early, and from the first impressions, should send in their sub-scriptions without delay. The engravings can he sent on rollers, by mail, or in other manner, a sunscribers shall order.

In addition to the superb engraving of "THE LAST SUMMER," which will be presented to every three-dollar subscriber for 1858, the publishers have completed arrangements for the distribution, on the 25th of December, 1858, of a series of splendid works of art, consisting of one hundred rich and rare old paintings, valued at from \$100 to \$100 a cach. Also, 2,000 magnificent Steel-Plato Engravings, worth from \$3 to
