our muni course, and avail ourselves of the colnums of the press, in order to bring it to the
predictors of the transfer day has at length arrived for the Concity that the press, in the transfer day has at length arrived for the Consumptive: the dectrines of the menrability of consumption having at laugth passed away. We have indubitable proofs in our profession man Consumption in all its stages can be clare, in the first by inderculer absorbtion) in the second by the transformations of the tubercule into cha ky and calcarcour concretions; in the third, by cicutrices or sears. Those wedded to the options of the past may assert, that even now con sumption is incurable; such are behind the age To all this great truth must be apparent, viz; or powder directly into the lungs, must be me more effective than that taken into the Stem inducements to subscriber, ascannot fail to place it, in circulation, at the head of American Magnines. With this view they new amounce the following splendid programme. They have purchased that superb and costly steel plate Edgravines. storing her life, by administering to it healthy and life-giving food. There is no case so hopeless than Inhalation will not curs. The means, too, are brought within the reach of all, the manner of administering the vapors being so simple that the invalid is never required to leave home, where the hand of affection tends so much to ald the

The Inhalation method is southing, sufe and resulg, and consists in the administration of medicine in such a manner, that they are conveyed The first impressions of this engraving are into the Lungs in the form of Vapor, and produce their action at the sent of disease. Its practical sense is destined to revolutionize the opinions of

> affilered with Lung diseases, to embrace at ones the advantage of Inhalation, and no longer apply medicine to the unoffending stomach. I claim that "ture and art hath given us, that "our day may be long in the land," and as the only min safety for the Communities; a method not unly tional, but no ple and efficacions.
