A BEAUTIFUL ART.—We have been shown some beautiful specimens of design, drawn from paper, the work of a Miss Thompson from the upper part of the county who is at present visiting our town.

WE are not in the habit of puffing patent medicines, but when such an article as the Wall's Galvanic Oil, which sustains full credit, is presented to the public, we feel no hesitancy in speaking the truth free of charge.

THE NEW TOWNSHIP, proposed to be located out of parts of Beccaria and Woodward tps. was not acted upon by our court at its last session, having been continued until a map of the new township could be made.

WE are indebted to our friend Col. J. L. Cattle, for a copy of the London Times, the greatest curiosity of the day.
