Home Affairs.

"He who is not moved by the the concord of sweet sounds, is fit for treasons' stratagems and spoils," therefore he is'nt fit for a life companionship with any of the fair daughters of Eve, whose step is harmony, whose every tone is music, and whose soul is a gushing fount of song.—But he who can appreciate music and the worth of "lovely women" deserves as much as the former as he can bear, and at least one of the latter. *Apropos* of music—Miss Constant, who has recently arrived in this place, as will be seen by her card in another column, purposes giving lessons in music, and also in the French language, being herself a narive of "Sunny France." Miss C. is a superior teacher, and every one wishing to acquire or improve themselves in this charming accomplisment, will probably never have a better opportunity.

PARTNERSHIP.—By a reference to our advertising columns it will be seen that Messrs. Orr and Shunkwiler, Blacksmiths, have associated themselves together in their business, and will be found at the shop formerly occupied by Mr. Shunkwiler. They are' good workmen, and we have no doubt that those who favor them with their patronage will have no cause to regret it.

THE WEATHER has undergone some of the oldfashioned changes incident to our "peculiar" climate, within the last few days; snowing, blowing, freezing, thawing, raining, freezing again, and so forth. The prospects are now very much in favor of "rigid winter," but without its usual accompanyment—snow. It is now very cold.

RAFTING.—The soft weather and the rain the latter part of last week, by melting the snow, caused quite a freshet, and a number of rafts went by this place upon it. How far they will get before they freeze up, their crews will probably be able to tell when they return.

BOROUGH ORDINANCE.—The attention of the citizens of this borough is called to the ordinance on the subject of keeping the side walks clear of snow, appears among our advertisements.

ORPHAN'S COURT SALES.—Two Orphan's court sales of valuable real estates, as will be found in this paper. Persons looking for bargains will pelase make a note thereof.

MEMORIAL.—In this paper will be found the memorial of the citizens of Clearfield borough, in relation al the removal of the county seat. The facts set forth in this address should be well pondered upon by the citizens of this county before consenting the removal of the county seat from a place where it has been so long and so properly located.

RAILROAD SUIT COMPROMISED.—The case of Thomas Collins vs. the Baltimore and Ohio Railroad, which has been pending in Preston county, Va., since 1852, was compromised on the 31st ult. The Morgantown *Star* says the Company confesed judgement for $10,000 and costs, in addition to the amount heretofore paid to the creditors of Mr. Collins, who was a contractor on sections 78 and 79 of the Baltimore and Ohio Railroad, on Cheat Mountain. The suit was instituted to recover $150,000.

THE LARGEST ROOM IN THE WORLD.—It is stated that the largest room that was ever constructed, is that in which the tobacco stores are kept at the London docks.—The room is said to cover nearly six acres, being, of course under one roof! It is a curious circumstance, that this enormous apartment should be devoted to an article of mere luxury.

William B. Rankin, Esq., of Philadelphia city, has been appointed Register of the Land Office at Olympia, Washington Territory.

The "Great Republic" Monthly

TO THE PUBLIC, THE BOOK AND PERIODICAL TRADE AND THE PRESS.

WE have the honor to announce that we shall issue, on or about the first of December next, so as to be in season to command the early attention of the public and the periodical trade, the first number of a new illustrated magazine, to be called the "Great Republic" Monthly. It is intended to make this magazine superior in every respect to anything ever before issued in this country. The general scope of its character can best be understood by its name. It will be thoroughly National—in no wise sectional or sectarian, and wholly impersonal. It will offer to the writers and thinkers of this Union a common field, where they can meet on the highest ground of contemporary literature. It will also to gather about it every variety of intellect.

The range of articles will be a wide one, covering, among other grounds, Essays, Sketches, Humorous Tales, Stories, Historical Incidents, Reviews, Critiques, Biographies, Scientific Articles, Travels, Table Talk, Dramas, Incedents, Politics, Poems, Ballads, Stanzas, Sonnets, Music, Correspondence, Gossip, etc., etc., etc.

The Magazine will be profusely illustrated in the highest style of wood engraving.

The Literary department will present a greater variety, combined with more thorough excellence, it is believed, than ever before offered to the American public in a single periodical. The following authors and popular writers are included in the list of contributors engaged:—Geo. D. Prentiss, Charles Swain, Fitz-Green Halleck, Chas. J. Ingersoll, Orestes A. Brownson, Gen. Geo. P. Morris, Nathaniel Deering, Hon. Chas. Gayarre, Wm. Gilmore Simms, Park Benjamin, Hon. Albert Pike, of Arkansas, Abbe Adrian Roquette, Hon. R. T. Conrad, Rev. Ralph Hoyt, Seba Smith, (Jack Downing,) J. T. Headley, [etc., comprising a long list of writers, among whom are many of the most popular in the country.]

Each number will contain an original piece of music composed expressly for this work.

Of the superior excellence of the Magazine in every respect, and of the certainty of its permanent success, very little more need be said.

The terms and general conditions of the Magazine will be as follows:

TERMS—There will be two volumes a year, of about 700 royal octave pages each, commencing in January and July, and ending in June and December, respectively making six numbers to each volume, and twelve numbers to each year. A LARGE AND BRILLIANT WEEKLY NEWSPAPER.

THE CONSTELLATION.

PARK BENJAMIN, EDITOR.

"A *Constellation* is but one,
Though 'tis a train of Stars."—*Dryden.*

THE subscriber has great pleasure in announcing that he has made arrangements to issue on Saturday, January 1, 1859, the largest, handsomest and most complete Weekly Newspaper ever published. It will be a superb folio sheet, double the size of the New York Ledger! containing nine broad columns on each page, 33 inches in length, and double the quantity of reading matter given by any weekly paper now published; embracing the choicest and freshest matter, selected and original, furnished from abroad and at home. It will be in all respects, a Living Journal; containing the productions of the most popular writers in liberal quantity; Romances, Stories, Essays, Poems, Anecdotes, Sketches, Notices of Amusements and the Arts, &c., &c.; in fine, all things which are new, beautiful, interesting and attractive. Each number will contain not only a carefully condensed synopsis of the General News during each week, but all the very latest information and Telegraphic Dispatches up to the hour of going to press. The Constellation will not be an Illustrated Paper, as the picture sheets are, but it will contain beautiful Designs and Engravings, when they really illustrate and ornament a subject.

The subscriber has already engaged a corps of Contributors, "a train of Stars," unequalled for genius, brilliancy, and reputation by those of any other journal now published, no matter what may be its pretensions. It is with no slight gratification that he announces his success in engaging, after much persuasion, the able and expensive services as a gentleman, scholar and reputed eminent, as Mr. Park Benjamin. Connected for twenty years with the press of New York city, and always successful in his literary enterprises, whether as Editor, Author, or publisher, the name of Mr. Benjamin is an augury of certain good fortune.

The public may rest assured that no means will be untried by the subscriber to secure a grand and brilliant accomplishment of his effort to establish the largest and best weekly paper ever published—since nothing will be left undone that can be done by talents, capital, experience, learning, and a resolute energy.

"The Constellation will readily recommend itself to a cordial and generous support from the very best people by its sheer excellence of good and avoidance of evil. It will be an unobjectionable and perfect family newspaper—giving offence to no sect or party—the favorite alike of both sexes—of young and old. The subscriber, having had nearly a quarter of a century's experience in the publication of daily and weekly journals, and having now connected himself with such well known and valuable editorial aid as he has therein, flatters himself that this new enterprise will at once achieve a popular favor and success unparalleled in newspaper enterprises.

The terms for "The Constellation," will be two dollars per annum each, when ten copies are sent in one envelope to one address.

Twenty eight copies to one address,	$40 00.
Five copies do. do.	$7 00.
Two copies, do. do.	$3 00
One copy do. do. including postage or delivery,	$2 00

All subscriptions to be invariably in advance. Single copies, Five cents. To Newspaper agents, $3 50 per 100.

A late Saturday evening edition will be published, and left early Sunday mornings at the residences of City subscribers, by regular carriers employed by the publisher. Those who desire to commence with the first number, should send in their subscriptions and orders as early as possible—since, owing to the immense size of the sheet, only such numbers will be printed as may be ordered.

All orders and letters to be addressed to the undersigned,

GEORGE ROBERTS,
12 and 14, Spruce Street, New York.

THE GREAT PURIFIER!—
THE WORLD CHALLENGED!—
☞ TO PRODUCE ITS EQUAL!
☞ THE BLOOD SEARCHER
☞ GLORIOUSLY TRIUMPHANT!

Sworn statement of David McCreary, of Napier township Bedford county:

In April, 1856, as near as I can remember, a small pimple made its appearance on my upper lip, which soon became enlarged and sore. I used poultices of sorrel, and a wash of blue vitriol, without effect. Finding the sore extending, I called on Dr. Ely, of Schellsburg, who pronounced it CANCER, and prescribed a wash of sugar of lead, and bread poultices. Finding these remedies of no avail I called on Dr. Shaffer, of Davidsville, Somerset county, who also pronounced the disease Cancer, and gave me internal and external remedies—the latter consisting principally caustic; but all to no purpose, as the disease continued spreading toward the nose. I next used a preparation of arsenic in the form of salve. This for a time checked the disease, but the inflamation soon increased. I next called on Dr. Statler of St. Clairsville, Bedford county, who also pronounced the disease Cancer, and applied a salve said to be a never failing remedy, but it had no effect whatever in checking the spread of the sore. In December of the same year, the disease had eaten away greater part of my upper lip, and had attacked the nose, when I went to Cincinnatti, where I consulted Prof. R. S. Newton, of the Electic Medical College. He pronounced the disease "a cutaneous Cancer, superinduced by an inordinate use of mercury." He applied mild zinc ointment, and gave me internal remedies. My face healed up, but the inflamation was not thoroughly removed. In February, 1857, he pronounced me cured, and I left for home. In April the disease again returned and so violent was the pain that I could not rest at night. Late in May I returned to Cincinnati, and again placed myself under the charge of Dr. Newton, with whom I remained until September, during which time he used every known remedy, and partly succeeded in checking the disease, but when I returned home there were three discharging ulcers upon my face. I continued using Newton's preparations, and also medicine that I got from Dr. Ely, but the Cancer continued growing until it had *eat off the left side of my nose, the greater portion of my left cheek, and had attacked my left eye.* I had given up all hope of ever being cured, since Dr. Ely said he could only give relief; but that a cure was impossible. In March, 1858 I bought a bottle of "Blood Searcher;" but I must confess that I had no faith in it. I was very weak when I commenced taking it, but I found that I gained strength day by day, and also that the ulcers commenced drying up. I continued, and when the third bottle was taken my face was healed as if by a miracle. I used a fourth bottle, and I have been healthier since than I have been for the last seven years. Although my face is sadly disfigured, I am still grateful to a benign Providence who has spared my life, and which has been done all through the instrumentality of LINDSEY'S IMPROVED BLOOD SEARCHER. DAVID MCCREARY.

Sworn and subscribed, this 31st day of August A. D. 1858, before me, one of the Justices of the Peace in and for the Borough of Hollidaysberg, Blair county, Pa.

NEW EVIDENCE.

Being afflicted with a grevious Tetter on the arms and face—after trying many remedies which utterly failed to cure—I was persuaded by W. M. Barris & Co., to try Lindsey's Improved Blood Searcher, and now, six weeks after finishing the *second bottle*, pronounce myself cured. The tetter broke out, something over a year ago, on the inside of my arms, extending from the elbows down to the wrists; also, on my face, immediately round the mouth and chin, and continued to be a perfect torment to me until cured by the Blood Searcher. My arms, at times, were almost useless, owing to the cracks and sores on them, liable to bleed at any time on the least exertion to lift or work, and sometimes so itchy that I could scarcely prevent tearing off my flesh. I have now been cured six weeks, and feel it due to Mr. Lindsey, and to the public generally, to make this statement, in hope that others like myself may be benefitted by using his valuable medicine.
