Our attention has been called by a friend to the fact of the passage of an act the rules of the House. Daily Pennsylvanian. at the last session of the Legislature for the preservation of game and insectiverous birds, the provisions of which may not be generally known, and being of interest and importance to the community, its publication may not be amiss at this time. It is not merely that the preservation of game, and birds that rid the fields of vermin and insects, is of importance, but every good citizen should pay strict observance to the laws of his country, and if they are entirely uninformed as to these laws it is hard to obey them. In this case although the penalty might be considered severe for the infraction of the regulation. Still the act seems to be founded upon good and substantial reasons, and we think they should be obeyed phia. in all respects. It reads as follows:

AN ACT

Insectiverous Birds,

Sec 1. Be it enacted by the Senate and House of Representatives of the Communiceulth That from and after the passage of this ter. within this commonwealth to shoot, kill, or in any way trap or destroy any blue bird, swallow, martin, or other insectivers against corporations. ours bird, at any season of the year, under

the penalty of two dellars.

Sec. 2. That from and after the pessage of this act, no person shall shoot, kill or otherwise destroy any pheasant between the first day of January and the first day first day of October, in the present year,

Sec. 3. That no person shall buy, or cause to be bought, or carry out of this State, for the purpose of supplying any private or public house or market, any pheasant, patridge, woodcock or rabbit, taken in the proper season, as provided for in this act, under the penalty of five dollars for each and every offence.

under a penalty of two dollars for each and every offence.

wise destroyed out of season as 'aforesaid, shall be prima facint evidence to convict no sympathy from the public." under this act.

GREAT DISCOVERY OF THE AGE; Important to TOBACCO CHEWERS

DR. GUSTAV LINNARD'S TASTE RESTORATIVE TROCHES:

The Great substitute for Tebacco, It is a well known and incontrovertible fact that the use of Tobacco is the promoting cause of many of the most severe MENTAL AND PHYS-ICAL DISORDERS to which the race of man is subject, as car aul analysis and long and painful experi ence have clearly proven that it contains experience have clearly proven that it considers that it considers and poisonous properties most dangerous in their effect, which by entering into the blood deranges the functions and operations of the heart, causing many to suppose that organ of the neart, causing many to be seriously diseased.

TOBACCO affects also the entire hervous sys-

tem, manifesting itself-as all who have used the ten, maintesting itself—as all who have used the naxious weed will bear testimony—in Lassitude; Nervous Irritability, Water Brash, Dyspepsia, & many other disorders of a similar character. THE TASTE RESTORATIVE TROCHES are

designed to counteract these baneful influences, and have proved completely successful in a multitude of cases, and wherever used. Being harm-less in themselves they exert a beneficial effect upon the entire system, restoring the Taste which has become vitiated or destroyed by great indul-gence, completely removing the irritation and accompanying tickling sensation of the Throng which are always consequent upon the abstaining from the use of Tobacco, and by giving a health tone to the stomach invigorate the whole system

Persons who are irretrievably undermining their constitutions and shortening their lives, should use these Troches immediately and threat off the injurious and unpleasant habit of Tobacco chowing.

These Troches or Lozenges are put up in a

these Troches or Lozenges are put up in a cenvenient and portable form at the low price of 50 cents per box. A liberal discount to the tradt.
