FOR THE RATID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the discase.

So wide is the field of its usefulness and so nutions for a less period it desired. Special terms merous are the cases of its curves, that almost tions for a less period it a every section of country abounds in percents publicly known, who have been restored from alarning and even desperate diseases of the longs by its use. When once tried, its superiority over every

public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our elimite

While many inferior remedies thrust upon th community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and pro-duced cures too numerous and too remarkable to

be forgotten. PREPARED BY
