

Home Affairs.

Concord, Pa., August 29, 1860.

The brick work of the new Court House is now nearly completed to the square, and it is the intention of the contractor to have it under roof by the first of October next.

There is a lawyer in our town so excessively honest, that he puts all his flower pots out of doors over night, so determined is he that everything shall have its just due.

By reference to our advertising columns it will be seen that Mr. Nichols, and Mr. Danver, and Mr. Luther are all offering to sell some valuable real estate, which they will sell upon reasonable terms.

FAIR GROUNDS.—The officers and managers of our approaching County Fair are making fine progress in preparing the fair ground, by the close of the present week the whole ten acres will be surrounded by a close substantial fence 8 feet high, the "Ring" is already completed, and is exactly one third of a mile in circumference—three rounds to the mile, and 2.45 or more to make it.

The Warren Ledger says the people of that county have a happy faculty of doing things Brown, it seems that they are well blessed with Brown office holders. Mr. Brown is Presidential Judge; Mr. Brown is associate Judge; Mr. Brown is Sheriff; and one of their best practicing lawyers is Mr. Brown too—all however, different men, but all descendants of old Mr. Brown. The politics of that county are becoming very Brown too, so much so the Blacks are in the ascendant several hundred votes. It did not use to be so.

Rail Road.

It will be observed elsewhere in our paper this week, that the "Phillipsburg and Waterford Rail Road Company" have completed their organization, and an effort will be made at once to put Engineers upon the route of this road.

An excellent set of men have been elected Directors and officers, they have plenty of cash & energy too. If they fail in putting a Railroad through our County it will be needless for others to try the experiment for the next quarter of a century.

SA Sudden Death.—On Thursday last considerable excitement was raised in our town—to the effect that a man was lying dead in the Turnpike about one and a half miles east of town. A number of persons proceeded to the place where the man was found. It was soon ascertained that the vital spark had fled, and that he must have fallen down in his tracks, he was immediately brought to town, an Inquest was held by M. A. Frank Esq., which rendered a verdict that he died from a visitation of Providence. During the setting of the Inquest, the body was identified by several persons as that of a man named Frederick Schindel, who kept Bar at Mrs. Ward's in Tyrone. On Friday he was decently buried in the cemetery east of town.

A Bonfire.—On Saturday about 1 o'clock p.m. the Dwelling house of Jason Kirk near Lumber City was entered by an unknown man, and \$1080 stolen out of his chest—eighty dollars being in silver and the balance in Gold. The subscriber will send (free of charge) to all who desire it, the Receipts and directions for making a simple Vegetable Bath, that will, in from two to eight days, remove Pimples, Blotches, Tan Freckles, Sallowness, and all impurities and roughness of the Skin, leaving the same as Nature intended it should be—soft, clear, smooth and beautiful. Those desiring the Receipte, with full instructions, directions, and advice, will please call on or address (with return postage,) JAS. T. MARSHALL,

7th. That we labor under great incon-

venience for an organ of the party in this

county, and would recommend to the Democratic citizens of the county to make an effort to establish a Press for the purpose of promulgating the doctrines, and advancing the interests of the Democracy of this country.

8th. That in order to carry out the above recommendation, that a committee of three be appointed by the chair to make the necessary arrangements to obtain, and establish a press believing the success of the Democratic party, depends in a great measure on the dissemination of the principles of the party.

9th. That we cordially and cheerfully endorse the nominations made by the County Convention to day, and would earnestly urge the party to make decided effort to triumphantly elect the ticket, feeling confident that we can safely recommend them as unflinching Democrats, and to discharge the duties of the offices for which they are nominated.

Reliable Douglas News.

We clip the following from the Dallas Star, a Douglas paper published in Illinois. We give it to our readers without note or comment, only saying that we think "Roarback" in his palmiest days could not have matched it:

How Pennsylvania will go?—The Old Keystone may be set down as morally certain to give a large Democratic victory in November next. The Black Republicans concede as much. The Philadelphia Pennsylvania formerly a Breckenridge paper but now going it strong for Douglass says:

"The Democracy of Pennsylvania will elect the Douglas electors by 30,000 majority over all Breckinridges with all the aid of Buchanan, cannot poll over 50,000 votes.

"The Lincoln vote will not be over 150,000 votes at the outside."

"Douglas will get 200,000 at the very lowest, but with the Bell ticket he will get 270,000."

You may rely upon Pennsylvania for Douglas as upon the Holy Bible."

This may be taken for truth in Illinois; but here in Pennsylvania, it is considered a whisper.

We learn from the *Pat. & Union* that the Republicans of Delaware county have nominated John M. Broome for Congress. He received 43 votes, and John Hickman 12. Two years ago Mr. Broome was put forward by Delaware county but was defeated in consequence of the Republicans of Chester county going over to Hickman, who ran as an anti-Leecompton Democrat. It is probable that Mr. Broome will not yield to Hickman, and that either a new candidate will be selected, or if both persist in running, that the Democratic candidate will be elected. Either way there is a fair prospect that Hickman will be beaten.
