The above is a portrait of David M'Creary, Napier township, who, on the 31st day of Aug. 1855, made affidavit before Justice Gorley that he was treated for the cure of Cancer by three physicians of B dford county, and by Dr. New-ton of the Electric College in Cincinnatti, for a period of nearly eight months, notwithstanding which, his lip, nose and a portion of his left cheek were entirely eaten away! He had given er," and was induced to try it. Four bottles cred him, and although saily disfigured, there is no question but what this invaluable medicine saved his life. The full particulars of this case

may be seen in a circular, which can he had of any of the Agents. We also refer to the case of Nancy Bleakney,
