**PURIFY THE BLOOD. MOFFAT'S VEGETABLE LIFE PILLS AND PHOENIX BITTERS.**

The high and varied celebrity which these pre-emptive medicines have acquired for their invariable efficacy in all the diseases which they profess to cure, has rendered the usual practice of putting off only unnecessary, and unworthy of their credit. They are known by their fruits; their good works testify for them, and they thrive not by the faith of the credulous.

In all cases of Asthma, Acute and Chronic Rheumatism, Affections of the Bladder and Kidneys, Billous Fever and Liver Complaints, In the south and west, where these diseases prevail they will be found invaluable. Plasterers, Farmers, and others, who are subjected to these medicines will never afterwards be without them.

**Piles.**—The original proprietor of these medicines was cured of Piles of 35 years standing by the use of these Life medicines alone. Worms of all kinds, are effectually cured by these medicines. **LINDSEY'S IMPROVED BLOOD SEARCHER!! A STANDARD MEDICINE**

For the speedy, radical, and effectual cure of ALL DISEASES arising from IMPURITY OF THE BLOOD.

This medicine has wrought the most miraculous cures in desperate cases of

Cancerous formation, Erysipelas, Boils, Scald Head, Scald Neck, Rheumatic Disorders, Costiveness, Salt Rheum, General Debility, Mercurial Diseases, Liver Complaint, Low Spirits, Female Complaints, and all Diseases having their origin in an impure state of the Blood.

The above is a portrait of David McCreey, Napier township, who, on the 31st day of Aug. 1858, made affidavit before Justice Forley that he was treated for the cure of Cancer by three physicians of E. dford county, and by Dr. Newton of the Electric College in Cincinnati, for a period of nearly eight months, notwithstanding which, his lip, nose and a portion of his left cheek were entirely eaten away! He had given up all hope, when he heard of the "Blood Searcher" and was induced to try it. Four bottles cured him, and although badly disfigured, there is no question but what this invaluable medicine saved his life. The full particulars of this case may be seen in a circular, which can be had of any of the Agents.

We also refer to the case of Nancy Blankney, of Eldertown, Armstrong county, Pa., cured of Scrofula after being unable to get out of bed for three years.

To the case of a lady in Ansonville, Clearfield county, who was also afflicted with Scrofula in its worst form.

To the case of George Meisel, residing in Carlisle, Cambria county, Pa., who was so badly afflicted with Cancer that it eat his entire nose off, and his case was, worse, if possible, than McCreey's.

The particulars of these cases—every one of which was cured by the use of the Blood Searcher—may also be found in a circular to be had of any of the Agents.

**RUSSELL'S IMPROVED FLEXIBLE HARROW.**

Patented Jan. 17, 1860.

Among the few improvements which have hitherto been made in this important and we might say indispensable implement, we think it would seem that one which fully met the wants of the Agriculturalist is not so easy to find one that will answer purpose in now ground, among stones, hills and undulating surface, but when one of the latter class, you may rest assured it will also give satisfaction on a smooth surface. The following anecdote from the undersigned confidently believe the object is fully attained in this case, and would call the attention of every Scientific agriculturist to the following features which characterize it, and lastly its adaptability to any and every surface. The following anecdote from the Farmers of Clearfield County, who have used this season, thus testify to it.

The undersigned farmers of Penn. Co. Clearfield, and State of Pennsylvania, in Russell's Improved Flexible Harrow, have no hesitation in saying that it has given satisfaction and that from its simplicity and ease of use it should speedily come into general use.

**GEO. FULLERTON, E. W. BRADY, S. DERRICK, B. WHIGLESWORTH, T. DOUGHERTY, JOHN W. DEW, JOHN A. MURPHY, WM. A. JOHNSON, J. S. RUSSELL.**

The "Scientific American," a paper of the scientific world is now acquainted with this reference to it. "The Harrow" is the most important agricultural implement much depends upon the top pulverizing of the soil, both before and after sowing, for the success of the future crop. In describing it, it continues: "This harrow is so simple, that it is surprising to find for harrowing either well cleared or ground. The undersigned, have purchased the same, used it, and transfer their right to the same, within the county of Clearfield, are now prepared to furnish the article to those who wish to purchase, on reasonable terms. It will also sell individual rights to make use of the same."
