IMPORTANT TO TANNERS. - An Important discovery in regard to the practical uses of Petroleum, or Rock Oil, now found in such quantities, has been made by Mr. John Lamb, a tanner of Venango county. He says that sluce August he has been using the oil of several wells in Venango county in his tanuery, as a substitute for It Tells You how to choose, clean, and preserve fish oil, and with most astonishing success. During last month he prepared one hun dred sides of upper leather and eight dozen of calf skins with this oil. They It Tells You all the various and most approved have been exhibited to practical leather dealers from I ittsburgh and from Boston. and a quantity sent to the Eastern markets, with entire satisfection to dealers. It makes a cleaner and smoother finish than It Tells You all the various and most approved the fish oil, fills up instead of opening the pores of the leather, so as to make it almost water-proof, and gives it the finish of the finest calf skin. It is also a supe. It Tells You all the various and most approved rior article for mixing blackening, having the quality of cutting the lamp black,-The smell does not remain after the dresing process is completed. The oil is used It Tells You all the visious and most approved in the crude state, costing one-third the price of fish oil.
