PILLS.

Are you sich, fiebbe, and complaining? Are you out of order, with your system derauged, and your feelings unconstorable! These symptems are often the preliade to nerious liliness. Some fit of sickness is creping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Fills, and cleanse out the disordered humors—parify the blood, and let the fluids more on unobstructed in health again. They elimulate the functions of the body into vigorous ac

disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, reset upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-scated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Bilious Disorders - Liver Complaints. From Dr. Theodore Bell, of New York City. Not only are your Pills admirably adapted to their pur

They have in my prac-tice proved more effectual for the cure of bilious com-plaints than any one remedy I can mention. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have schlom found a case of bilious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their sugar-coating makes them very accepiable and convenient for the use of women and children. Dyspepsia, Impurity of the Blood.
