# The Clearfield Republican

WEDNESDAY, FEBRUARY 20, 1861.

DEATH WARRANT OF JOHN CURRAN.—Gov. Curtin has signed the death warrant of this unfortunate man, and assigned Friday, the 12th day of April, A. D. 1861, as the time for his execution.

Hon. Col. Hall, of the State Senate, will please accept our thanks for a copy of the Auditor General's report on Rail roads, and other valuable documents.

☞ Rev. Mr. Runyan will preach in the Baptist Church in Clearfield borough on Thursday evening, February 21st, at 7 o'clock. The public are invited to attend.

BOROUGH ELECTION.—The following named persons were, on Friday last, elected to regulate the municipal affairs of our borough for the ensuing year:

Constable—James L. Morgan.

Judge—Henry W. Parker.

Inspectors—Robert Wallace and Jacob Shunkweiler.

School Directors—Israel Test and A. M. Smith.

Overseers of the Poor—S. T. Leonard and A. C. Finney.

Auditor—John F. Weaver.

Assessor—Isaac Johnson.

Assistant Assessors—S. Mitchell, James Alexander.

Burgess—Henry Stone.

High Constable—B. Stump.

Town Council—Wm. A. Wallace, three years; J. B. Graham, three years; Francis Short, two years; J. T. Leonard, two years; James Leavy, one year; William Porter, one year.

BANK JAIL.—On Saturday night last, four prisoners confined in the jail of this county, succeeded in making their escape. Their names were, Finley, charged with an attempt to commit rape; Kelly, charged with threatening to kill his wife; Amos Pine, charged with obtaining goods by false pretences; and Hugh Friel, under sentence for an attempt to commit rape. Finley was confined in a room by himself, and he some means worked a stone out of the wall, and threw the opening piece into the jail yard, and communicated with the other three—all confined in one room. They then burned the plank off with a fire shovel, dug thro' the wall of their room, and all being together in the jail yard, soon managed to make an additional doorway in the wall, through which they made their exit.

We are getting to be a very moral people, as we have now but one prisoner in our jail, one having been discharged on Saturday, four discharging themselves the same night, and one discharged on Monday. Caldwell is the remaining prisoner.

☞ Active preparations are going on all around us to celebrate the approaching birth day of the Father of his country, but from appearances, nothing of the kind will take place in our town, unless it should be by the military alone.

This apparent neglect is not on account of a want of patriotism on the part of our citizens, but owing altogether to the poor prospect that now seems to await the exchange and sale of our chief staple—lumber—which, if no change is brought about in financial matters, must undoubtedly suffer.

A number of our citizens are now at Harrisburg, Philadelphia and Washington, assisting to bring about a settlement of our present national difficulties.

BOROUGH INCREASE.—Our village already boasts of a Bank, a discount office, and two barber shops, but "Excelsior" is our motto, and we are now to have in addition to these—a joint stock private banking institution. Who will say after this that we are not "a mighty people." In these hard times money will flow like milk and honey, and anybody who is willing to pay one and a quarter per cent. a month, can go it. Why can't we have an oil well? There is not much "soap" about that, but lots of grease. Opposition is the life of trade. We like to see it. There is plenty of room for all. The dry goods trade and the whiskey business we think needs stirring up, too.

☞ The late rise of water in the river and its tributaries, has caused considerable damage to our lumbermen, and to private property. The bridge across Clearfield Creek, east of town, was carried away by the ice; and the pier under the bridge on the same stream, on the old turnpike, was also carried away, but it has since been repaired so as not to impede the crossing of the same. The ice in the river has formed a gorge above Curwensville, four miles in length—destroying nearly all the fences on the farms along the river.

PETERSON'S MAGAZINE.—This exquisite literary gem, for March, is again upon our table, filled with the only food that will satisfy and expand the mind of the highest literary attainments. It begins with a fine steel engraving, representing Christ Blessing Little Children, the Crescent Moon, and numerous drawings wherewith the ladies may test their skill. Published by Charles J. Peterson, 306 Chestnut Street, Philadelphia, and only costs $2, or three copies for one year for $5. Subscribe for it and save a dollar.

LEG BROKEN.—As a couple of men were wrestling at a log camp on Clearfield Creek, one day last week, one of them, a German, was thrown so hard as to break his leg.

A LIVE RECORDER.—Ira Shotwell alias Davis, who, with Logue, was convicted of murder in Clarion county, was committed to the Western Penitentiary on Wednesday morning. Shotwell was convicted of murder in the second degree and also of robbery. On the murder charge he was sentenced to eleven and a half years, and on the robbery five years, making sixteen years and a half in all. Shotwell is only twenty-two years of age. Logue was convicted of murder in the first degree, and sentenced to be hung. His case was appealed to the Supreme Court for a new trial, and has not yet been decided.

HARRIS'S CURE-ALL AFTER DIFFICULTIES.—An exchange states that Judge White, and a lot of hungry lawyers, met up the West Branch, somewhere in the woods, the other day, to find "Cameron County," but on getting together, found no Court House, no juries, "no nothing," but an act of incorporation full of omissions and absurd commissions. So they smoked, told stories, sung songs, drank conjoinee, anathematized the Legislature, appointed a committee to prepare a County Act that would "stick," and went home with "many do lies" made, except by the Court Crier and landlords who extemporized a county town somewhere in shippen township.

EFFECTS OF THE CRISIS.—Friday and Saturday last were two of the most calamitous days ever known in the commercial history of New York. It is said that not less than ninety firms were forced to succumb to the pressure, and among them many heretofore deemed opulent—such houses as Freeland, Squires, & Co., which has been in existence for a quarter of a century.

THE SENTIMENTS OF OLD ABE.—We have never read such speeches as those made by Old Abe on his journey from Springfield towards the White House since General Scott ran for President; and then, indeed, we were regaled with some choice oratorical morsels. It is quite refreshing to hear the ex-rail splitter and present journey man Cabinet maker designating his audience with such choice and original expressions as "passional attraction," and quaint allusions to "free love" and homeopathy. We expect to be very much amused when the angular features of the elect of his people make their appearance in New York. What we want is a good Western anecdote, and we hope the natural modesty of Mr. Buchanan's successor will not prevent his giving us the desired treat.

In one of his recent remarkable speeches the President elect has stated that a majority of the people voted in favor of the Chicago Platform. This is not the truth. A majority of the electoral votes endorse the Chicago resolutions, but they are in a minority of a million of voices in the nation. Mr. Lincoln must be more careful in his statements, or else keep quiet. He is not now stumping the benighted districts of Illinois, or defending the plunderer of a lemprost; he is in a position where the utmost care, prudence and circumspection are absolutely required. The President elect certainly should not endorse partizan tricks which involve a wilful deviation from the facts in the case. The figures have been printed over and over again, and no man who can read, or procure some friend to read for him, should be misinformed as to the popular vote, which, as we have said, was against the Chicago Platform.—*New York Herald.*

YOU WANT IT,

YOUR WIFE WANTS IT,

YOUR CHILDREN WANT IT,

IT WILL CERTAINLY PAY,

AND YOU WOULD HAVE IT. If you only knew how useful, how instructive, and how entertaining it is. We refer to that "first hear," that largest, most instructive, most beautiful, and yet cheapest journal in the world for the household, for the farm and for the garden, viz: the

### American Agriculturist.

You want it, because it contains so very many new and useful directions, hints, and suggestions about all kinds of out-door work, in the Garden, in the Field, in the Orchard, on the little plot of ground, about domestic animals, etc., etc. The *Agriculturist* is not a stale rehash of theoretical stuff, such as goes the rounds from one paper to another, but it is filled with new practical information, every word of which is reliable, because prepared by honest, practical working men, who know what they write about.

Each volume contains many hundreds of useful hints, and it is certain that many of these hints will each be worth to you more than a dollar. As an example, a subscriber writes: "... I obtained *b* bushels more per acre on a ten acre field of wheat, (or in all 50 bushels) simply from a hint about preparing seed given in my *Agriculturist*." ...Another says, he obtained an extra yield of 11 bushels of corn per acre on a fifteen acre field, and with no extra cost for culture, by applying one hint from the *Agriculturist*. Another, (a villager,) says he got $43½ worth extra of good garden vegetables, which he attributes wholly to the timely hints in the *Agriculturist*, which told him from time to time what to do, how to do it, and when to do it. Thousands of others are receiving similar advantage. You are invited to try the paper a year, at a cost of only $1. If you desire, you can have, free of charge, four or five parcels of choice seeds, which the Publisher will distribute among his subscribers the present winter.

Your wife wants the *Agriculturist*, because it has a large amount of valuable and really useful information about all kinds of Household work from garret to cellar. Give her the benefit of this paper for a year. You will find your home made better, and money saved.

Your children want the *Agriculturist*, for it contains a very interesting, useful and interesting department for youth and children, which will be of great value to their minds and hearts.

The above are truthful statements, that will be cheerfully attested to by nearly a hundred thousand of the present readers of the *Agriculturist*. You are invited to try a single volume of that *Agricultural work*, which will cost only $1, and absolutely pay. Try it for 1861 (Vol. 20.)
