AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pastules, Blotches, Boils, Blains, and all Skin Discuses.

Hindins, and all Skin Discases.

J. C. Area & Co. Cents: I Feel it my daity to acknowledge what your Forsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and losthesome beyond description. I tried many medicines and several physicians, but without much reluctions any thing. In fact, the disorder grew worse. At length I was rejected to read in the Gospel Messenger that you had prepared to read in the Gospel Messenger that you had prepared to stad it that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and beauty skin soon began to form under the scale, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apastles of the age, and remain ever gratefully.

St. Anthony's Fire, Rose or Errysipelas.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Itheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cared an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous Malagnant Erysipelus by large does of the same; mys he cures the common Eraptions by it constantly. Bronchocele, Goltre or Swelled Neck. Zebulon Stoan of Prospect, Toxes, writes: "Three bottles of your Sarasparilla cured me from a Garre — a hid-sons awelling on the neck, which I had suffered from over two years."

New ORERANS, 25th August, 1850.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cused with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Spylalitic ulcars in his threat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his beam and hill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the samp disorder by moreury was suffering from this poison in her bouse. They had become so rensitive to the weather that on a damp day she suffered excruciating pain in her joints and bouse. She, it.o. was cared entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859.

Da. J. C. Aten: Sir, I have been afflicted with a painful chronic Rheumotigus for a long time, which battled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarasparilla. One bottle cured me in two weeks, and restored my general health so much that I am far before than before I was attacked. I think it a wonderful medicine. J. FREAM.

Julies V. Getchell of St. Leads and the state of the state of the state of the state of the state. Attacked. I think it a wonderful medicine. J. FRLAM.

Jules Y. Getchell, of St. Louis, writes: "I have been
afflicted for years with an affection of the Lawr, which
destroyed my health. I tried every thing, and neary thing
failed to relieve me; and I have been a broken-down man
for some years from no other cause than derangement of
the Liner. My beloved pastor, the liev. Mr. Kapy, not leed
me to try your Farsapartile, because he said he knew you,
and any thing you made was worth trying. By the bless
ing of God it has cared me, and has so purified my blood
as to make a new man of me. I feel young again. The
best that can be said of you is not half good enough."

of the Disease.

This is a remedy so universally known to surpass as other for the cure of throat and lung complaints, that p is useless here to publish the evidence of its virtues. Its univalled excellence for coughs and colds, and its fruly wonderful cures of pulmenary disease, have made it known throughout the civilized actions of the carth yew are the communities, or even families, smeng them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have went as strongly upon the confidence of mankind.
