

A LORRY FLAG.—Mr. Thorn, the contractor, the other day, run up a large banner, bearing the stars and stripes, on a pole, some thirty or forty feet above the top of the dome, where it now gracefully waves obedient to every breeze, the first to greet the morning sun, and the last to feel its declining rays.

Flag Presentation.

The ladies of our town, having obtained by their own exertions, a beautiful flag, will present the same to the 'Washington Cadets' at four o'clock this afternoon, in front of the Armory. We learn that they have selected Miss Sophia McLeod to perform the ceremony of presentation, and that it will be received on the part of the company, by Wm. A. Wallace, Esq.

Public Supper.

The ladies of Clearfield are determined not to be excelled by the stronger sex in their manifestation of regard for their country, and in addition to the procuring and presentation of a flag to the Cadets under Capt. Lorraine, are now making arrangements to present them with a supper this evening, after the presentation of the flag. Success to them.

ARM BROKEN.—Thomas Fife, of Lawrence township, had his arm broken while alighting from the cars at Lewistown, on Wednesday last. The crowd being very great in the cars and on the platform, he was forced off the latter, and in the fall the accident occurred. He was also somewhat injured in other parts of his body.

OUR LUMBERMEN.—Our information from the lumbermen is still of the gloomiest character. A large quantity is now moored at Marietta, Middletown, and other points; but no buyers are to be found. A few rafts have been run through to Port, but as serious apprehensions of confiscation, in case Maryland goes out of the Union, are entertained, it is most likely that no more will be sent forward until this point is settled.

A GOOD SUGGESTION.—We have been requested to call the attention of the persons entrusted with the improvement of the Park in the North ward of our borough, and to suggest the propriety of enclosing it at once, and having it planted with potatoes. This should be done by all means. Such a crop of 'murrhies' as that lot would produce, if well farmed, would be an ornament such as we may have reason to be proud of. If there are not sufficient funds collected to complete the work as originally designed, it is possible that there may be enough for the purpose here suggested. If not, let the amount be raised forthwith. Those interested should see to it.

The Latest News.

We learn by last night's mail that Gov. Curtin had received a requisition from the President for 20 more Regiments—making in all 29,000 men. Things look somewhat favorable in Maryland—Union flags are displayed in several places in Baltimore.

Among the many rumors afloat is one to the effect that England has sent 300,000 stand of arms to put down secession. Gov. Letcher, of Virginia, having issued a proclamation several days ago, for volunteers to defend the State, has been compelled to issue a similar proclamation, calling upon the volunteers to remain at home until invited into service, and thereby save a great expense to the Government. This does not look much like the capture of Washington.

It is reported that Gen. Harney, of the U. S. Army, was arrested by the Virginians at Harper's Ferry, whilst on his way to Washington to hold a prisoner of war, and also, that Gen. Mason of Virginia, had been arrested near Philadelphia, by way of retaliation. But all these accounts say that Gen. Harney was released by order of Gen. Lee.

All was quiet at Washington the 29th, 18,000 troops from the North were said to be on hand. A few Southern troops were said to be at Harper's Ferry, a few at Alexandria, a few at Aquia Creek, and about 9,000 at Richmond. So that an attack upon Washington is not apprehended.

SPEAKER HALL.—The extra session of the Legislature, which meets to-morrow, will afford our young and talented Senator, L. W. Hall, Esq., who was elected Speaker of the Senate at its adjournment on the 18th ult., an early opportunity to display his knowledge of parliamentary rules. We have no doubt he will acquaint himself in a manner creditable alike to the Senator and his district.

SECRET ORGANIZATIONS OF COLORED PERSONS.—We were informed yesterday that there is excellent reason for believing in the existence of a secret organization of colored individuals in Boston, composed principally of fugitive slaves, who have communicated with parties in Richmond, Va., and also act in concert with negroes in Canada. Rumor gives the organization the credit of having attained a powerful growth, and it is probably unnecessary to state that the movement has for its object the siding in a great and general insurrection among the slaves of the South.

The law, of course, will countenance no such affair as this, and if it hopes to continue in existence its proceedings must indeed be most secret.—Boston Post.

The supposed existence of an association of the kind in this city caused an intense excitement a day or two ago. It was alleged that meetings were held night by night in Tanner's alley, and that something could be heard inside. It appears, too, that some one overheard a conversation between two darkies in a large place, when one of them remarked "things is working—our time has come at last, and we'll soon be able to revenge ourselves on some who have been grinding us in the dust."

The rumor which reached the Mayor in regard to a supposed secret organization among the colored people induced him to send a police force, who reconnoitered Short street, Tanner's alley, and other places. They thoroughly searched the hall and found no arms in it, save a Tyler's sword, so that the rumor so far as Harrisburg is concerned, is probably unfounded. But if true, such arrangements are now made as to give our citizens assurances of safety.

EX-PRESIDENT BUCHANAN.—HIS VIEWS OF THE WAR.

LANCASTER, April 25, 1861. Ex-President Buchanan entertains no idea, as was announced in the papers of today, of leaving for Europe. It is well known, among his personal friends, that he warmly espouses the cause of the North, and that he will pass the remainder of his days at Wheatland. His nephew has enlisted in a Pennsylvania regiment.

PATRIOTIC.—We learn that J. K. Kerr, Esq., the Democratic candidate for Congress in this district last fall, is getting up a company of brave Venango boys to go forward in defence of their country. He proposes to provide for the support of the women and children of indigent volunteers who go with him. These are the kind of men that render the tangible aid to the country, and are most potent when required to hold up the hands of the President.—Clarion Democrat.

DR. C. R. FOSTER.—We are pleased to learn that Governor Curtin has appointed our friend Dr. Foster of Phillipsburg, as Surgeon to the two volunteer regiments now stationed at Chambersburg.

DIED.—At Curwensville, on Saturday last, of Apoplexy, IGONIAS THOMPSON, Esq., in the 77th year of his age. The deceased was born in Huntingdon county, in the year 1784, and settled on "The Ridge" in 1810. He was one of the earliest settlers of our county, and contributed as much towards its improvement as any man in it. He was remarkable through life for an unvarying cheerfulness of disposition—a kindly humor which hardly any offense could change. He manifested a child-like disposition towards all. A humble opinion of himself, he was always animated with a faith of hope, which upheld him in many a trying hour during the last years of his life, having had previous attacks of that disease which he died. And this hope became his solace and strength, as he felt the approach of death. He was an honest man, and well can it be said he had no enemy, and was an enemy to none. May he rest in peace. C.

In Philadelphia, after an illness of many months, on Sunday last, Miss BERTHA, daughter of Josiah W. and Pescalina Smith, aged 22 years, 6 months and one day.

HENRY R. COSTAR.—All the summer I have been troubled with Roaches and Mice. I was actually ashamed of the house, for the Roaches were everywhere. I purchased a box of your Exterminator and tried it, and in one week there was not a Roach or Mouse in the house.

JOHN H. GIVENS, No. 24 Elm street. HOUSEKEEPERS—troubled with vermin, need be no longer if they use "Costar's" Exterminators. HARRIS' IMPROVED Boudoir

SEWING MACHINE.

PRICES FROM \$40 to \$70. THE BOUDOIR SEWING MACHINE, an engraving of which is here represented, has now become a recognized favorite wherever it has been introduced, and is, beyond question, the best, as well as the handiest, low-priced Sewing Machine now before the public.

No. 1.—A small and very neat Machine for Family use. No. 2.—A large Machine for quilting heavy work and for Plantation use.

This Machine is much admired for its simplicity, and for its reliability and durability it is unsurpassed. A child twelve years can run it with ease; and yet it will sew from the coarsest cloth to the finest Swiss. There is no trouble of re-winding the thread, as it is taken from the spool. It has no belts to give trouble, and will run backwards as well as forwards, and still sews equally perfect, and without danger of breaking needles. It runs by friction, and by closing the box over it, it is thrown out of gear. In fact, we have no hesitation in recommending it as the best family Sewing Machine in use.

The following Premiums Awarded the above Machine: At the Fair of the Franklin Institute, 1858, the First Premium.

At the Pennsylvania State Fair, at Philadelphia, September 24, 1859, the First Premium—No. 1 Diploma. At the Pennsylvania State Fair, held at Wyoming, 1860—A Silver Medal.

For the best Double Thread Machine, at Lancaster County Fair, held October, 1859—A Silver Medal. At the Maryland State Fair, held at the Maryland Institute, Baltimore, Md., October, 1859, under strong competition, a Silver Medal was awarded to this Machine.

At the New Castle County Fair, held at Wilmington, Delaware, October, 1859—A Diploma. The above Machines are manufactured by CHARLES W. HOWLAND, Wilmington, Del.
