

We have been requested to state that the list of civil causes set down for June term has been continued by the members of the bar.

Spencer to the Volunteers. The report given to our Volunteers on Wednesday last, after the presentation of the flag, was highly creditable to all concerned.

Bible Society.—At a general meeting of the Clearfield County Bible Society, held in the Borough of Clearfield, on the first day of February 1864, the following officers were chosen to serve during the ensuing year.

Board Meeting.—The next regular monthly meeting of the Clearfield County Bible Society, will be held in the Baptist church, in the Borough of Clearfield on Sunday evening the 15th of June next.

Regular quarterly meeting of said society, will be held in the Court-house on Monday evening, June the 27th at 7 o'clock, being Sunday evening of that week.

The Life of the Flesh is in the Blood. It was said by inspiration long before Harvey's discovery of its circulation had brought to light its purposes and uses.

Great Excitement.—Our town was thrown into a horrible state of excitement last Friday afternoon. It appears that when the Cabers were called out for parade after dinner, two privates fell from the ranks, entirely helpless.

As there were no deaths, and consequent no coroner's inquests, and no post-mortem examinations, we were unable to learn the real cause, and we are left to conjecture that this little incident in the camp-life of our soldiers arose from over-eating as well as from over-exercising.

THE LATEST NEWS.

The news from the East and the South reveal nothing new, except the Proclamation of the President, wherein he accords plaudits at once what Congress and the President were unable to do for the last four years—increase the regular Army.

Our State Legislature is busy in putting the State upon a war footing, to be ready for either a war of defence, or offence, or both, if necessary.

We rejoice to see the Union flag receding in the Border States, especially Maryland, where for some time past everything has been swayed by the mob.

By the arrival of the steamer Northern Light at New York, on Friday last, we learn that the city of Monrovia, in Liberia, was totally destroyed by an earthquake on the evening of the 20th of March last.

For the Reay of War.—The Washington Gazette, numbering, as near as we can ascertain, 120,000 men, rank and file, under Capt. J. O. Lorraine, departed at two o'clock yesterday, for Harrisburg, obedient to their country's call.

The scene was truly pathetic: the fountains of the heart ebbed and flowed freely, when perhaps it may be the last farewell grasp of a father, mother, sister or brother, fell upon the ears of those in whose veins had flowed the same essence of life.

The Clearfield Bible Society presented each of the soldiers, who were willing to receive it, with a copy of the New Testament, after which they were appropriately addressed by ex-Gov. Bigler and H. R. Swoope, Esq., who were both heartily cheered by them, after which they embarked for Tyrone, amidst the deafening applause of the populace.

Keep Cool.—At such times as the present, men should keep cool, and act only after careful deliberation. We hope all who have heretofore opposed the Republican party will do so still.

We learn by the Lancaster Intelligencer, that the General Synod of the Lutheran Church of the United States, which was to have assembled at Lancaster on the 10th instant, has been postponed by the President, C. W. Shaffer, until further notice.

DIED.—At the residence of her husband, on Clearfield Creek, on the 21st instant, of typhoid fever, Aesop, consort of William B. Alexander, sen., in the 75th year of her age.

The deceased was one of the earlier pioneers of the county, having resided on the place on which she died fifty two years. She emigrated with her husband from Kishacoquillas valley, Mifflin county, and crossed the Mountain by way of Tyrone Gap, on an Indian path.
