Agricultural.

Plant Sympathy and Antipathy.

Our readers may take the following, by a correspondent of the *American Farmer*, for what it is worth; we do noth vouch for it:

SYMPATHY.

The vine likes the nearness of cherry trees and elms.

A white vine, planted immediately beside a blue, gets blue grapes.

Chestnut trees among mulberry trees get twice as large fruit.

Lemon, orange, myrtle, cypress and laurel trees, grow and succeed best among one another.

The asparagus increases much better near pennyroyal.

Will you reinforce the smell of the roses? plant some garlic or onion among them.

If you plant some roses and white lilies together in one bed, both get much more sweet scent.

If you have a valuable flower, which commences to fade by accident, put next to it a chamomile, with its roots in the same spot, and you will see revive the fading flower from day to day.

Will you produce extraordinary big turnips, beet roots, carrots, or red beets? Excavate a few of these, put the seed into the hole, and, after a few days, sow it.

Will you attain a considerable fertility of the vinea? Strew some powdered tarter, mixed with a little ox blood, among their roots, and you attain an incredible success.

ANTIPATHY.

The walnut tree is hostile and noxious to every other fruit tree in its near neighborhood.

Enemies against one another are: olive and the oak, the vine and the laurel tree.

Cucumbers planted among olive trees perish.

An oak tree, beside a walnut tree dries up.

Colocynths are noxious to every herb or flower in the same bottom.

Hemlock, beside a vine, dries it up.

Rose and orange water loses its sweet scent during the time of blowing those plants.

The wine becomes unquiet and ferments in the cask while the vine blooms.

THE DEPTH OF TREES.—There has recently sprung up some controversy as to the proper depth that trees should be transplanted, and as is usual in controversies of this kind among practical men, there is not the least hope of their ever coming to a common opinion on the question. And this is natural and perhaps as it should be. Different kinds of trees frequently require different modes of culture, with the planting.—For instance, dwarf pears should be planted deep, two or three inches below the union of the quince with the pear, in all soils where dwarf pear ought to be. A fir or spruce should be planted shallow, and so, as a rule, should standard pear as well as apple trees. This exception should however be made: in light, porous soils they may be gauged deeper than in clay moulds. Thus the heavier the soil the shallower should the trees be planted.

PLANTING PEAS DEEP.—Elihu Burritt says in the Homestead, that "the theory, recently advocated, of planting peas very deeply in the earth, in order to prolong the bearing capacity of the vines, has been tested in Williamstown, and found to be correct.—A farmer told me that he plowed a furrow beam deep, then scattered the seed peas at the bottom, after which he turned a deep furrow upon them with his plow, covering them, if posible twelve or fourteen inches. They pushed their way up through the thick mass of earth, and, instead of turning yellow at the bottom and dying at the first gathering, they blossomed and bore until he was tired picking the pod.

WHIPPING OXEN.—Thoughtless men will whip, whip, whip. They do it from a habit—a very bad habit; and we find it difficult to correct that habit. We are trying to teach our hired men better manners than to put on the whip before giving an invitation to the brute animals "to go on." We have oxen that will "go" as soon as they are invited, without the endorsement of the whip. Yet we find it a difficult matter to control the whip. It is surely a savage practice to apply the lash before inviting the animals to move by the proper words.—*Mass. Ploughman.*

RENOVATING PEACH TREES.—The editor of the New England Farmer, has renovated deceased peach trees thus: he removed the soil from around the trunk of a sickly tree in his garden, and supplied its place with charcoal. He was surprised at the rapid growth of the trees, as well as with the tenacity with which the fruit held on the branches, and the unusual richness of its flavor when matured.

TO MAKE UNLEAVENED BREAD.—Take one pint of bran flower, one tablespoon full sugar, a little salt. Mix with cold water into a stiff dough; a little corn meal is an improvement. Spread it into a thin loaf; bake it in a quick, hot oven.

TO CLEAN TAINTED BARRELS.—The best method for cleaning tainted barrels, is to put one peck of charcoal and one teacup of saleratus into each, fill them up with boiling water, cover tight and let them stand until cold.

AYER'S

Sarsaparilla

FOR PURIFYING THE BLOOD

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

ORLEANS, Ind., 6th June, 1860.

J. C. AYER & CO. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it breaks out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my face and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and many physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was persuaded to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your representation that any thing you made must be good. I procured a bottle of Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful in a little water after each meal, and used almost three bottles. Now my face and skin soon began to form under the scab, which fell off. My skin is now clear, and I have no feelings that the disease has gone from my system. Indeed, I can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the present day, and remain ever gratefully. Yours,
ALFRED B. TALLE

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by persevering use of our Sarsaparilla, and also a case of *Malignant Erysipelas* by large doses of the same; he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Two bottles of your Sarsaparilla cured me from a Goitrous swelling on the neck, which I had suffered over two years."

Leucorrhœa or Whites, Ovarian Tumors, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes most cheerfully comply with the request of your agent, saying I have found your Sarsaparilla a most excellent *alterative* in the numerous complaints for which I employ such a remedy, but especially in *Female Complaints* of the Scrofulous diathesis. I have cured many intractable cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration* of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "I had a grievous *ovarian tumor* on one of the females in my family which had defied all the remedies we could employ, and at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but an operation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting. It has proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1860.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the cures I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease.* One of my patients had Syphilis in his throat, which was consuming his palate and the top of his mouth. Your Sarsaparilla, steadily used, cured him in five weeks. Another was attacked with secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believed the disorder would soon reach his brain and kill him. It yielded to my administration of your Sarsaparilla, the ulcers healed, and he is well again, but of course with some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a potent remedy; consequently, these truly remarkable cures fill me with it have not surprised me.

Fraternally yours, C. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1860.

DR. J. C. AYER: Sir, I have been afflicted with painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. A few bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. H. [illegible]

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver* which has destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver.* My beloved pastor, the Rev. Mr. Kaye, persuaded me to try your Sarsaparilla, because he said he knew it was honest, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again, and the best that can be said of you is not half good enough."
