Listen to the Voice of Truth and Reason and Profit by it.
The time has come when all who will, can escape the iron grasp of Mercury, by calling, without delay, to see the well known and justly celebrated Eclectic European Physician, Dr. Bort, who will administer those only true and safe medicines, extracted from the most choice herbs and roots, which are prepared under his own supervision, and therefore avoid the use of all MERCURY POISONS, which were never designed for the system, to take which many thousands have fallen victims and gone to early graves.

THINGS TO BE REMEMBERED.
Remember that Dr. Bort wants no patients but those fully capable of appreciating and distinguishing the services of a regular thorough bred physician, from a paltry, unlearned and trifling quack.
Remember, Dr. Bort's remedies and treatment are entirely unknown to all others in this country prepared from a life spent in the great hospitals of Europe and the first in the country.
Remember, that Dr. Bort has a more extended practice than any other physician in Western Pennsylvania.

Remember, that citizens of education, and our popular men, are all well acquainted with, and take great pleasure in recommending Dr. Bort to the afflicted.
Remember, that Dr. Bort makes no false representations to gull the unfortunate, but all he says will be faithfully carried out.
Remember, that Dr. Bort pays every attention to diseases of a chronic nature.

Remember, that Dr. Bort is furnished with over six thousand letters of recommendation from some of the most distinguished men living. Also has awarded to him diplomas from some of the most celebrated Hospitals and Infirmarys in Europe, for his unparalleled observations in Diagnosis, and observations in discovering remedies for the cure of diseases that have heretofore baffled the skill of many of the medical profession.

An early call from those wishing to consult the Doctor, is earnestly requested, so as to receive full benefit of treatment, and thus do justice to himself. Time is lost.
Please bear in mind when Dr. Bort will be in your place. Personal desires of consulting him will confer a great favor by calling on the first day of his arrival, as his rooms are so often crowded, it is utterly impossible to attend to the anxious solicitations of all. Dr. Bort will arrive at each of the above places on the first coach on the day appointed.

Please extend the invitation to all invalid acquaintances, and oblige yours, &c.

The Military.

Our town was quite overrun on Monday last with "Sagers." In accordance with an order issued by Brigade Inspector Patchen, the following volunteer companies appeared on the ground: Clearfield Rifles, under the command of Captain Ogden; Centre Hill Guards, under Capt. Shoop; Robin Infantry, under Capt. T. J. McCallough; and the Susquehanna Rangers, under Capt. McQuicken.

This latter company has but lately been organized at Lumber City, and numbered 48 men. It flourished a splendid flag, which is a donation on behalf of the ladies of Lumber City, who seem to be as patriotic as their 'lords,' notwithstanding their antislavery surroundings. This company presented the novel sight of having several gentlemen in ranks wearing spectacles.

The Robin Infantry is also a new company, formed and organized in this borough. The other two companies have been organized for some time, and made a fine appearance, and by their evolutions we infer they had trained several days before.

A new company has been formed at Leconte's Mills, called the Girard Guards, and have elected the following officers: Captain, Dr. J. W. Potter; 1st Lieutenant, Wm. Murray; 2nd Lieutenant, Jonathan Speckman.

A new company has also been organized at Pennville, called the Union Guards, with the following officers: Captain, John H. Rowles; 1st Lieutenant, D. S. Moore; 2nd Lieutenant, James Clark. A number of the members of this company appeared on parade in the ranks of the Susquehanna Rangers.

In the afternoon an election for Regimental Field officers was held, with the following result: Matthew Ogden, Brigadier General. John McQuicken, Colonel.

L. J. Crans, Lt. Col.
J. Wilson Wallace, Major.

Who made the following Staff appointments: G. W. Lytle, Adjutant.
Dr. D. A. Pitzer, Surgeon.
Dr. J. W. Potter, Assistant Surgeon.
David B. Sharp, Quartermaster.

The 4th of July.

Are we to have a Fourth of July in Clearfield, or have we sent all our patriotism to the war? We see that active measures are being taken in many places to commemorate the day in an appropriate manner, and we hope it will not be neglected here. Young men, what say you?
