The States have their status in the subject. Our adversaries have ado The loss of the Union forces is reported ed the processional opinion of the writer joined about the time of the initiation to the three killed and ten wound, and the into that fort within the time for his re- The Border States were not uniform in opinion at some length will probably be they are. Not one of them ever had a This is essentially a people's content of the Line of Confederate loss is estimated by some ac- lief rendered necessary by the limited their action, some of them being almost presented by the Attorney General.— State constitution independent of the Union it is a straight first constitution independent of the Union it is a straight first constitution independent of the Union it is a straight first constitution independent of the Union it is a straight first constitution independent of the Union it is a straight first constitution independent of the Union it is a straight first constitution independent of the Union it is a straight first constitution independent of the Union it is a straight first constitution independent of the Union it is a straight first constitution independent of the Union it is a straight first constitution independent of the Union it is a straight first constitution independent of the Union it is a straight first constitution independent of the Union it is a straight first constitution independent of the Union it is a straight for the Unio counts as high as sixty killed and wound- supply of provisions and with a view of for the Union, while in others, as Virgin. Whether there shall be any legislation ion. Of course it is not forgotten that all for maintaining, in the world, that

any return. The nation is now in

self "the People." It may well be que tioned whether there is to-day a major I the legally qualified voters of any Sa except perhaps South Carolina in favor district. There is much reason to wie that the Union men are the majory many, if not in every other one of so called seconded States. As the contra of them, it is ventured to affirm thises of Virginia and Tennessee, for the reof an election, held in military out ular sentiment. At such an election that large class who are not at once the Union and against coercion, would enerced to vote against the Union.

It may be affirmed, without extra once, that the free institutions we se save developed the power and impre the condition of our whole people bey now have a striking and impressive ill tration. So large an army as the Gore ment has now on foot was never be known, without a soldier in it but and taken his place there of his on he choice. But n ore than this. Then many single regiments whose met one and another possess full pract knowledge of all the arts, sciences. fessions, and whatever else, whether ful or elegant, is known in the world; there is scarcely one from which could not be elected a President, a C net, a Congress, and, perhaps, a C abundantly competent to administer Government itself. Nor do I say is not true also in the army of late friends, now adversaries in this test. But if it is, so much better the son why the Government which has terred such benefits on both them at
