NEXT TUESDAY !

Next Tuesday will be the day of the election. We can say to our Democratic friends, that after conversing with people from all parts of the county, attending court last week, we are certain of electing our WHOLE TICKET by a handsome mawrity. Democrats were never more determined to do their duty at the ballotbox, and from all parts we hear of men who have not voted for years, now determined to be on hand, and to cast their votes for the caudidates of that party that l as always stood by the Union and the Constitution-that party that has never yet failed to bring our country sufely thro' all the troubles she has hitherto encountered ; and at the same time we feel confitent that there are scores of men in this county, who have voted with the Republican party for the last time, and who will now quietly deposite their votes in favor of the Democrats. It is true, that a large majority of the volunteers from this county are Democrats, and their absence may somewhat reduce our majority. But if there is anything like a FULL VOTE, there cannot be the slightest danger. We therefore hope thet every Democrat will be at his post. Let no Democrat be left at home. Six months of Republican rule has shown their incompetency. Though the offices now to be filled are comparatively unimportant; yet it may be that this is the most important election ever held. TO THE POLLS, THEN EVERY DEMO-CRAT, AND CAST YOUR VOTES FOR THE PARTY THAT HAS CARRIED YOUR COUNTRY IN SAFETY AND TRIUMPH THROUGH EVERY STORM.

It might, perhaps, be a sufficient reply to the above slander, to point Mr. Forney to the presentment of the Grand Inquest of this county, which is published in another column. He will there find that he, and all like him, are considered as nothing less than DISTURBERS OF THE PUBLIC PEACE, and that their conduct, more than that of any other, is calculated to give "aid and comfort" to the common enemy.

But special reference is made to our issue of the 18th September. The only arcould possibly be taken, was the one containing extracts from the Raftsmans Journal of November and December, 1860, showing that that paper was then willing to dissolve the Union, rather than to attempt the "FOLLY" of coercing some two a little cautious hereafter. or three millions of people.
