SEWING MACHINE.

PRICES FROM \$40 to \$70. The BOUDOIR SEWING MACHINE, an engraving of which is here represented, has now become a recognised favorite wherever it has been introduced, and is, beyond question, the best, as well as the handsomest, low-priced Sewing Machine now before the public. No. 1 .- A small and very neat Machine for

Family use. No. 2.—A large Machine for quilting beavy work and for Plantation use. This Machine is much admired for its simplici-ty, and for its reliability and durability it is unsurpassed. A child twelve years can run it with ease; and yet it will sew from the coarsest cloth to the finest Swiss. There is no trouble of rewinding the thread, as it is taken from the spools. It has no belts to give trouble, and will run backwards as well as forwards and still sows equally perfect, and without danger of breaking needles. It runs by friction, and by closing the

box over it, it is thrown out of gear. In fact, we have no hesitation in recommending it as the best family Sewing Machine in use.
