RELIXIR PROPYLAMINE. The New Remedy for RHEUMATISM. During the past year we have introduced to the notice of the medical profession of this country the Pure Crystallized Chloride of Propylamine as a REMEDY FOR RHEUMATISM; and having received from many sources, but from physicians of the highest standing and from patients, the most flattering testimonials of its value in the treatment of this painful and obstinate disease, we are induced to present it to the public in a form READY FOR IMMEDIATE USE, which we hope will commend itself to those who are suffering with this afflicting complaint, and to the medical practitioner who may be disposed to test the powers of this valuable remedy. RELIXIR PROPYLAMINE, in the form above spoken of, has recently been extensively experimented with in the PENNSYLVANIA HOSPITAL, and with MARKED SUCCESS (as will appear from the published accounts in the medical journals.) It is carefully put up ready for immediate use, with full directions, and can be obtained from all the Druggists at 75 cents per bottle, and at wholesale of BULLOCK & CHILDS, No. 100, Market Street, Philadelphia. Druggists and Manufacturing Chemist, FOR SALE BY C. B. WATSON, Second Street, Philadelphia. June 29th 1861. Philadelphia.
