The Clearfield Republican,

WEDNESDAY May. 7th 1862.

DEDICATION.

The Methodist Episcopal Church, at Centre, will be Dedicated on Sunday, May 11th. Rev. J. S. Lee is expected to be present on the occasion. Services to commence at 10½ o'clock, A. M.

DROWNED.—A young man, named Shaffer, was drowned in Little Moravian run, in Morris township, near the Muahannon creek, on Friday the 25th ult. He was in the act of riding a raw-log in a dam, near the mouth of the run, when the log turned, throwing him in, and, from the fact that a pole was reached to him by some boys who were there, and that he made no effort to save himself, it is supposed that in falling, his head struck the log, causing insensibility.

☞By reference to our advertising columns it will be observed that the Principal of the Academy, Mr. Sandford, will again reopen his school for the reception of scholars on Monday the 19th inst.

ANOTHER BLOODLESS VICTORY.—Our readers will be gratified with the perusal of the account of the evacuation of Yorktown by the Confederates, and its occupation by the army under Gen. McClellan. By this great victory, Gen. McClellan has gained everything he could reasonably have expected to have achieved by an assault and bloody battle, again filling our land with widows' wails and orphans' cries. All honor to Gen. McClellan!

☞A few of our lumbermen are returning to their homes—all in excellent humor at the result of their operations; and as the prices of lumber still keeps up, those who are still absent only remain to wind up, and do better. While pine timber sells readily at 14, and oak at 22 cents per cubic foot at Marieta, no citizen of Clearfield should complain. Boards, Shingles, &c., also command fair prices.

AFRAID TO DO IT.—It is now doubtful whether Congress will pass the Tax bill at the present session. They want to get over another election before they put their hands into the peoples' pockets.—How considerate!

THE NEWS—Besides the news from Yorktown, and the occupation of New Orleans, we have nothing of special importance from the seat of war.

A dispatch from Cairo, dated 2d inst., says "there is news from Pittsburg Landing of the highest importance, *but its transmission over the wires is prohibited*." As later dates from Pittsburg Landing give no account of any movement of special importance in that vicinity, we are not without hope that this "news of the highest importance" has some reference to a cessation of hostilities.

The Confederates at Fort Wright, are reported as being largely reinforced both by land and water.

A rebel vessel, laden with Enfield rifles, was recently captured off Charleston harbor.

The planters of Virginia have determined to raise no tobacco this season.

By last night's mail we have dates from Yorktown to Sunday afternoon. Gen. McClellan telegraphs that the enemy's retreat was well protected, &c.

Nothing important from any other quarter.

☞In Honduras, invalids afflicted with Scrofula visit the streams that have drained from the wild lands where Sarsaparilla grows. It is found that the waters become impregnated with the medicinal virtues of this drug and the natives drink it, bathe in it, and live in it for weeks. Whatever its effects, these "*watering places*" have a reputation not inferior to our own Saratoga, and great numbers surely obtain relief at them from the eruptions, ulcerations, and sores, which are so afflicting always to a half civilized people. Yet I find that all classes have more confidence in Dr. Ayer's Extract of Sarsaparilla, than in the impregnated waters or any compound of the root that they can make.—Those who can afford to buy it, do so, and it is in very general use here, curing them surer and quicker than they can get relief without it. Not a few of our staple products go thus to foreign lands, are there manipulated by scientific or artisan skill, and then come back for our consumption and use.—Correspondent of the *Herald*, from Truxillo.

NEXT TO A MIRACLE!
Astonishing!

A BOOK never dreamed of by MAN, was why passed by ANGELS. Discovered accidentally. Every ounce of a horse mane new it. Something which more Wonder to horses in so short a time and so radically as to only be surpassed by a miracle. It thoroughly eradicates the effects from the system in from 12 to 24 hours, so that your horse, so stiff to-day that you cannot get him out of the stable, by to-morrow is ready to take his place in the team. The best Farriers never dreamed of it, and it astonishes everybody.

It is neither *Mineral* nor *Vegetable*, nor any compound of man's invention; but is given simply as Nature produces it—in his drink, and only one. No drenching. The rem dy is silent in its action, and cannot produce any injurious effects. Costs nothing. Exists everywhere—and will cure to the end of time. There is no patent humbug puff, nor catch-penny business about this, but the simple truth honestly stated. Rely upon that. Each one sending me One Dollar, with their name and address, I will promptly inform, in a sealed envelope, what the remedy is. Twice amount of money returned in case of failure—(which is impossible.) Important Information!

Louden's Indian Expectorant.

THIS REMEDY is offered to the community with the confidence we feel in an article which seldom fails to realize the happiest effects that can be desired. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds with persons publicly known, who have been restored by its use. Here is one case of an

ASTONISHING CURE!

THIS MAY CERTIFY, That my son lay sick for twelve months, under the Doctor's care, with the disease of the Lungs, and every remedy prescribed by the Doctor failed to give relief. I gave up all hopes of his recovery; so did the physician. At this stage I prevailed upon him to try a bottle of LOUDON & CO'S. INDIAN EXPECTORANT, and the result was most happy, as the use of three bottles effected a permanent cure, and he is now a hearty boy. JAMES LAYTON.

FOR
Artificial Teeth!

ATTENTION is especially called to this article as a substitute for Gold, is inserting Artificial Teeth.

Many persons who have tried all kinds of Metallic Base PREFER this. And those cases where it is aplicable it will undoubtedly become a substitute for Gold, Silver or Platina.

Its chief advantages are cheapness, lightness and perfect adaptability to the mouth, it having a soft and fleshy feel to the parts with which it comes in contact.

A. M. HILLS is prepared to put up teeth on the Vulcanite Base with Goodyear's Patent Gum, which is the only reliable preparation and which can only be had through their regular agencies.

Dr. Hills will always be in his office on Fridays and Saturdays, unless notice to the contrary appears in the public papers on the previous week.

nov-20th 1861-tf. A. M. HILLS.
