ENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, IN-CIPIENT CONSUMPTION, and for the rollef of consumptive patients in edvanced stages of the disease. We need not speak to the public of its virtee Throughout every town, and almost every hamlet of a American States, its wonderful curse of pulmenary ex-plaints have made it already known. Nay, is any

families in any civilized country on this continent without some personal experience of its effects; and fewer jet the communities any whore which have not among then some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the femi-dable and dangerous diseases of the paintenary cross, it is also the pleusantest and suckst remedy that can be employed for lifants and young persons. Parents should have it in store against the insidious enemy that stads upon them unprepared. We have abundant grounds to believe the Cherry Fectual saves more lives by the communities it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor seglect them until no human skill can master the inexernal scanker that, fastened on the visials, each your life away. tect them until no human skill can master the nextorate cunker that, fastened on the vitals, eats your life way. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not as more than to assure them it is still made the best it of the. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely at it the best agent which our skill can furnish for their cost.

PREPARED BY DR. J. C. AYEB, Practical and Analytical Chemist, Lowell, Mass. AND SOLD BY
