Variety.

☞ The man who was injured by a burst of applause, is—recovering.

☞ A machine has been invented which is to be driven by the force of circumstances.

☞ If a man cannot argue without swearing, cursing his discussions are of course cursory.

☞ The law should clench its fists when it finds rogues slipping through its fingers.

☞ "Short calls are best," as the fly said when he alighted upon the hot stove.

☞ The President reviewed Gen. McClellan's army on Friday last and was every where received with demonstrations of enthusiasm.

☞ Almost every young lady is public spirited enough to be willing to have her fathers house used as a court-house.

We clip the above from a republican exchange, whose editor, no doubt, spoke as he felt, making himself the standard.

☞ What is the difference between an accepted and a rejected lover? The one kisses his Missus, and the other misses his kisses.

☞ A public writer thinks that much might be gained if speakers would observe the millers method—always to shut the gage when the grist is out.

☞ Bread is the staff of life, and liquor the stilts—the former sustaining a man, and the latter elevating him for a fall.

Rowland Hill said, "he would not give a farthing for the man's religion whose cat and dog were not the better for it."

☞ At a printer's festival the following toast was given: "The editor and the lawer—the devil is satisfied with the copy of the former, but reduires the orginal of the latter."

He who truely wishes the happiness of any one cannot be long without discovering some mode of contributing to it.

It has been said in behalf of second marriages that wedlock is like wine not to be properly judged of till the second.

A woman offering to sign a deed, the judge asked her whether her husband compelled her to sign?

"He compel me!" said the lady; 'no, nor twenty like him!'

A pedler being asked by a long, spindle-shanked wag, if he had any tin overhalls, answered: "No, but I have a pair of candle moulds that will just fit you."

☞ "Is that bell ringing for fire?" inquired a youth from the Green mountains. "No, they have to much some-where and they ring the bell for water."

"Can you tell me how the word Salmon is spelt?" was asked of a Cockney by a Philadelphian. "Certainly," said the Londoner with a look of triumph; "There's a hess' and a hay, and a hell, and two hoes.

While one of our chaplains of the army was repeating this line of the Lord's prayer.—"Give us this day our daily bread," a soldier added, with a loud voice—"fresh."

☞ The Binghamton Journal is constructing a new dictionary. It defines "Man—a general term, embracing woman." If this is a sample, the new dictionary will be comprehensible enough at least.

☞ "Why do you drive such a pitiful looking carcass as that? Why don't you put a heavier coat of flesh on him? said a traveler to an Irish car driver. "A heavier coat of flesh? By the powers the poor creature can hardly carry what little there is on him now!

Life is a thing which many people seem in a great hurry to get rid of, if we may judge by the number of 'fast' young men now-a-days, who use themselves up with the greatest apparent satisfaction.

Women are said to have stronger attachments than men. Is it not so, Strength of attachment is evinced in little things.—A man is often attached to an old hat; but did you ever know a women having an attachment for an old bonnet?"

"Never! never!"

☞ Said an old preacher once, "Fellow sinners if you were told that by going to the top of the stairs yonder (pointing to a rickety pair at one end of the church) you might secure your eternal salvation, I really believe hardly any of you would try it. But let any man proclaim that there were five hundred dollars up there for you, and I'll be bound there would be such a getting up stairs as you never did see."

An Irishman catching a thief's hand in his pocket at the Post Office, the other day, knocked the rascal down, and began to trample on his carcass as if he were dancing a Fardowner's jig.

"What's that for?" said a bystander.

"Och!" said Pat, "it's small change the fellow wanted, and faith I'm after giving him a few *post office stamps!*"

WM. GRAY, Esq. Dear Sir—Two months ago my head was almost entirely *bald* and the little hair I had was all *grey* and falling out very fast until I feared I should lose all. SHAVING AND HAIR-DRESSING.
Sign of the Barber's Pole, Graham's Row.
The question has often been asked
Why PLEASANTS can shave so clean?
That customers who shave with him
A keener must reap, I ween.
He shaves for a "fip," and if you are willing,
Will take off your hair in a trice for a "sentaveg."
So come along, ye jolly boys so slick,
For Pleasants is the man to do it cheap and quick.
The reason may readily be seen
Why his custom is so large:
His towels all are clean—his razors all are keen,
And you'll always find him *Pleasant* in—a charge.
Just go to Pleasant's and you'll be
Like Sheba's Queen of old
Pleased and delighted, and exclaim
The half has not been told.

Important Information!
Louden's Indian Expectorant.
THIS REMEDY is offered to the community with the confidence we feel in an article which seldom fails to realize the happiest effects that can be desired. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds with persons publicly known, who have been restored by its use. Here is one case of an
ASTONISHING CURE!
THIS MAY CERTIFY, That my son lay sick for twelve months, under the Doctor's care, with the disease of the Lungs, and every remedy prescribed by the Doctor failed to give relief. I gave up all hopes of his recovery; so did the physician. At this stage I prevailed upon him to try a bottle of LOUDON & CO'S. INDIAN EXPECTORANT, and the result was most happy, as the use of three bottles effected a permanent cure, and he is now a hearty boy. JAMES LAYTON.

SEWING WILCOX & GIBBS MACHINES.
Price with Hemmer and Feller
$35 00.
THIS MACHINE HAS A POINT OF SUPERIORITY PECULIARLY ITS OWN.
Stitching, Hemming, and Felling with a Single Thread.
It forms a flat, even, and elastic seam, which is WARRANTED not to rip in wear, even if the seam is cut at frequent intervals, and also under all circumstances "TO SURVIVE THE WASH-TUB."
A Patented device of great utility to learners, prevents the possibility of the machine being run in the wrong direction, or the balance wheel wearing a lady's dress.
Another feature which deserve particular attention is
☞ THE WILCOX PATENT NEEDLE CANNOT BE SET WRONG.
Two thousand stitches, or two yards of work, can be done in one minute without dropping a stitch.
These machines, so simple and accurate in their construction, supersede the use of the shuttle; and with one thread produce all the practical results of the two thread machines; and more, for these fell without basting, and hem the finest muslin without puckering.
Although at about half the price of the other first class machines, they will accomplish double the sewing in a given time
"It is emphatically the good, low-priced Family Sweing Machine that the public have long been waiting for."—Boston Transcript.
"It is indeed a wonderful production, and for family use especially, no other will bear any comparison with it."—Philadelphia Evening Journal.
"A mechanical wonder."—Scientific American.
"Among the best and most serviceable Sewing Machines. Light and elegantly finished, and so simple in its construction that it seems almost impossible for it to get out of repair."—Pittsburg Chronicle.
"Has combined with its own peculiar merits all the really valuable improvements of the higher priced machines."—Pennsylvanian.
"This machine, in the opinion of the committee, fills more nearly the requirements of a perfect family machine than any on exhibition."—Franklin Institute Exhibition Report of 1858.
"Taking into consideration simplicity, cheapness, durability, and doing all work, the committee were unanimously in favor of the Wilcox & Gibbs as a single thread machine."—Pennsylvania State Agricultural Society's Report.
"We must, in justice, express our confidence in the merits of the Wilcox & Gibbs Sewing Machine. We consider that a great desideratum has been supplied by it, in proving, beyond doubt, that two threads are not, as was supposed necessary to a good instrument."—Christian Advocate and Journal, June 21, 1860.
"We have one of these machines in use, and think more highly of it than of any of the number we have tried."—Richmond Whig.
The undersigned, Missionary to Constantinople, has examined more than twenty different kinds of Sewing Machines, and after sometime, weeks experience with Wilcox & Gibbs' Patent he has purchased one of them, as the best adapted to the wants of his family, and as the one liable to require repair. OLIVER CRANE.
Boston, July 3, 1860.
The undersigned, during eighteen months has had in almost constant use, in his family Wilcox & Gibbs Sewing Machine, upon which has been made the clothes of his large family, from muslin to pilot cloth—including the clothing required for his several boys; and in no case have the seams failed, although in hard service. The machine now in use in his family has required no repair, and is in all respects, well appointed, efficient and durable.

AYER'S
CHERRY PECTORAL,
FOR THE RAPID CURE OF
Colds, Coughs, and Hoarseness.
SPRINGFIELD, MASS., Dec., 1852.
DR. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the accompanied symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of those complaints. EDEN KNIGHT, M. D.
A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your *Pectoral* myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should rather pay twenty-five dollars for a bottle than do without it, or take any other remedy."
Croup, Whooping Cough, Influenza.
SPRINGFIELD, MASS., Feb. 7, 1856.
BROTHER AYER: I will cheerfully certify your *Pectoral* is the best remedy we possess for the cure of whooping cough, croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.
HIRAM CONELIN, M. D.
AMOS LEE, Esq., MONTEREY, Ia., writes, 3d Jan., 1856: "I had a tedious Influenza, which confined me to doors six weeks; took many medicines without relief; finally tried your *Pectoral* by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."
Asthma or Phthisic, and Bronchitis.
WEST MANCHESTER, PA., Feb. 4, 1856.
SIR: Your *Cherry Pectoral* is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKS, Merchant.
A. A. RAMSEY, M. D., AUBURN, MONROE CO., Iowa, writes, Sept. 6, 1858: "During my practice of many years I have found nothing equal to your *Cherry Pectoral* for giving ease and relief to consumptive patients, or curing such as are curable."
We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.
Consumption.
Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some so human aid can reach; but even to those the *Cherry Pectoral* affords relief and comfort.
ASTOR HOUSE, NEW YORK CITY, March 5, 1856.
DOCTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your *Cherry Pectoral* has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill; for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.
Yours with gratitude and regard,
ORLANDO SHELBY, of SHELBYVILLE.
Consumptives, do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

Ayer's Cathartic Pills.
THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take, and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not established by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.
The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:—
Costiveness, Bilious Complaints, Rheumatism, Dyspepsy, Heartburn, Headache arising from a Foul stomach, Sour-ness, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuent medicine, as Tetter or Ring's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the system or obstruction of its functions.
Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other pill can give you anywhere with this in its intrinsic value or curative powers. The sick want the best and there is no doubt they can and they should have it.
