

CLEARFIELD, PA

Wednesday Morning Jan 28th 1869. GAS WORKS.

now by our citizens to creet Gas works, the Tyone office F" a not for want of capital, nor good taste offices, and the tryling irreglarities remodied. apportunity that officed I cubraced—and on the next of the

But why hesitate about it? It will sures, is pay a handsome dividend on the inestment, and still afford a cheaper light most of the Gas companies for the same article! It can be mined within sight of the works, and had in quantities even at a less price than we have estimated.

ento a question of dollars and cents, let us ing the railroad west from Philipsburg .- figures were too low, and desired him to see if our calculation will prove it econom- Cannot the great work be accomplished. This he refused to do at the time, but of the different kinds is brought to this penetrating the very heart of the bituming and said that General borough and consumed annually. This, ous coal basin! We heard one of our capter member, is an importation, and the most italists say the other day that "it must be I told him I could not make the engages. Now, suppose the town is lighted with Gas kind of talk. The grading is all that ment I had made, I would go with him. In the meantime I consulted with Dr. In t that sum is more than it will cost. This and give us the benefit of a railway, and op-shows a saving of 33‡ per cont, to the pubse on up to us an eastern market for our coal, fig. The part question is, will it, pay the The day that, this is accomplished will Gas company? After the works are completed—one man to attend the works at \$1,50 per day during the year, would be \$2,000 be. if \$3,60,50. The stock, fact, &c., for a year. -leaving a next corning of the term handred and fifty dellars to be declared as a dividend upon the stock, which would be 94 per cent, and would be increased every year.

In this I made some pretended objection and demanded to know the necessity for their own liberty, and not those that must be greatly dellars to be declared as a dividend upon the stock, which would be 94 per cent, and would be increased every year.

In this I made some pretended objection and demanded to know the necessity for it. Simon said it was this, that unless I did this they might think he just wanted life. If I was in bondage I would light, their d—d nomination for effect, which and even die for liberty; and if you came out that the control of the control State, and the revenue would not thereby be reduced. Another consideration of great moment is, that, instead of sending more than the interest on the capital empty of the sending real moment is, that, instead of sending more than the interest on the capital empty of the sending real moment is, that, instead of sending more than the interest on the capital empty of the sending real moment is, that, instead of sending more than the interest on the capital empty of the sending real moment is, that, instead of sending more than the interest on the capital empty of the sending real moment is, that, instead of sending more than the interest on the capital empty of the sending real moment is, that, instead of sending more than the interest on the capital empty of the sending real moment is the interest on the capital empty of the sending real moment is the interest on the capital empty of the sending real moment is the interest on the capital empty of the sending was to in the there were less on a poor thing as printing the present as soon as I was ready to receive him. I said that was all right, but they have the interest on the capital empty of the sending was the finite and that it was been the present as soon as I was ready to receive him. I said that was all right, but they know the work without pay, and die range of the sending was printing as printing the property are lest on a poor thing as printing the property are lest on a poor thing as printing the property are lest on a poor thing as printing the property are lest on a poor thing as printing the property are lest on a poor thing as printing the property are lest on a poor thing as printing the property are lest on a poor thing as printing the property are lest on a poor thing as printing the property are lest on a poor thing as printing the property are lest on a poor thing as printing the property are lest on a poor thing as printing the property are lest on a poor thing as printing the property are lest on a poor thing as printing the property are lest would manufacture it at home, and that road with our own capital, and let our own amount would be kept in circulation a named in an angent. Let it be idens the financial consideration; in short, the dollars and cents." I answered him, "corresponded as being the amount of the final payment. He assured me there is the library can't keep it their library can't keep it when they us as much, or more, is it not to our inter- More hereafter. cat to keep the money at home—to use how to answer, but wished him to name said I could have it. I teld him I deems worthy of their liberty. I know this to the raw material so abundant in our midst?

150 One of the most important duties the sum. He asked what I thought of ed it better, on reflection, not to have it better, on reflection, not to have it better. vorably upon the subject, and very soen have to go into the market and buy coin we have to go into the market and buy coin the unit of the country and the coun should at least give their countenance to hundred thousand dollars, again to fix the compensation. The next ject of this interview." He then said; want them. Then Cougress must leave the edject. None can oppose it, without; "Green backs," or Government issues, day he sent Brobst for me. I declined go "I am chairman of a committee appointed the stinking and fifthy thing alone—and the age himself, or desires the town to be and remain so. Of course no selfish motive would induce any ent to retard the ing short of repudiction, and unless unisgeneral prosperity of the borough.

ATER'S AMERICAN ALMANAC for 1863 Is now ready for delivery gratis, at C. D. Watson's Drug Store, who will be happy to supply all that call for them. Every family should have and keep this book. -It is worth having. Comprising much general information of great value; it gives the best instruction for the cure of prevalent complaints that we can get anywhere. Its anecdotes alone are worth a bushel of wheat, and its medical adviso is sometimes worth to the sick the wheat's weight in gold. Many of the medical also weight in gold. Many of the medical also manace are trash, but this is solid metal. Its calculations are made purposely for this latitude, and therefore correct. Call the money will be all right." It is a late of the belowing described Real Estate, to with a late of land on the cars going to heading, he said in that there is not the blowing described Real Estate, to with a late of land on the cars going to heading, he said in that there is not the blowing described Real Estate, to with a late of land of like to be led up to the slaughter like to be led up to the slaughter like the trace of land climate in Brown and that the trace of land climate in Brown and the trace of la and get an Ayer's almanac, and when got, in that place last week.

The time may come when we cannot help ourselves. But that time is not yet.

The time may come when we cannot help ourselves. But that time is not yet.

The time may come when we cannot help ourselves. But that time is not yet.

The time may come when we cannot help ourselves. But that time is not yet.

The time may come when we cannot help ourselves. But that time is not yet.

The time may come when we cannot help ourselves. But that time is not yet.

The time may come when we cannot help ourselves. But that time is not yet.

The time may come when we cannot help ourselves. But that time is not yet.

The time may come when we cannot help ourselves. But that time is not yet.

The time may come when we cannot help ourselves. But that time is not yet.

The time may come when we cannot help ourselves. Some assured me there would be entire regiments would be entire regiments would be entire regiments would be entire that the would be ever grateful, and I hope off at a time. But by some cause or other will be sold in the most reasonable transmitted that he would be ever grateful, and I hope off at a time. But by some cause or other will be most reasonable transmitted that the would be ever grateful, and I hope off at a time. But by some cause or other will be most reasonable transmitted that the would be ever grateful, and I hope off at a time. But by some cause or other will be most reasonable transmitted that the would be ever grateful.

The time may come when we cannot be financiering of the business. I told that he would be ever grateful.

The time financiering of the business. I told that he would be ever grateful.

The time financiering of the business. I told that he would be ever grateful.

The time financiering of the business. I told that he would be ever

ORPHANS' COURT SALE. y virtue of an order of the Orphans' Court of David Irvin, descend, will expose to PUB

many brave sons of Columbia low in the Saturday, the 24th day of January, 1863, the following described Real Estate, to wit: All slaughter like a lot of hogs. "Tis too had acres more or less, and being part of survey No.

Dec. 24, 1882.
