THE PRIMARY ELECTION.—We insert the "Rules" for the conducting of the Primary Elections, and respectfully call the attention of Democrats thereto. It will be observed that candidates to be voted for at the Primary Election, must have their names announced in at least "three" papers before the day of election.

We hope this will be a satisfactory explanation to such as may have expected their names announced in this week's paper.

PRIMARY ELECTIONS.

RULES *adopted for the government of Primary Elections of the Democratic Party of Clearfield County, at the Convention which assembled at Clearfield on 3rd Monday of Sept.*, 1861.

RULE 1ST.—THE COUNTY COMMITTEE.

The County Committee shall consist of a chairman, a secretary (each entitled to a vote,) and one member from each district in the county. Six members and the chairman shall constitute a quorum for the transaction of business, but in the absence of the chairman a majority of the whole number shall be necessary to constitute a quorum.

RULE 2ND.—MEETINGS.

The chairman of the county committee shall call all meetings of the committee, and all meetings of the party relative to matters of organization and representation, and shall preside thereat. Notice of such meetings shall be given in the Democratic paper of the county, at least one week previous thereto.

RULE 3RD.—TOWNSHIP COMMITTEES.

The county committee shall annually in the month of June, appoint three persons of known democratic antecedents, in each district, who shall act as committee men for the ensuing year in their respective district, during said year.

RULE 4TH.—PRIMARY ELECTIONS.

The primary elections shall be held annually, at the election house of the respective district on the 1st Saturday in August, and shall be conducted by the township committee, or in their absence by five known Democrats, of such district.

RULE 5TH.—VOTING.

No person shall be permitted to vote at such primary elections except those who shall have voted with the democracy at the preceding general elections, or shall be of known democratic standing, and no candidate shall be placed upon the return unless he shall have had his card as a candidate inserted in the Democratic paper during at least three weeks preceeding the primary election.

RULE 6TH.—RETURNS OF ELECTIONS.

The qualified electors shall also at the primary election vote by ballot, for two delegates to represent their district in the county convention, who, when elected shall be authorized to receive the return of said district, and produce it on the Tuesday following the primary election, at 3 o'clock P. M., at the Court House in Clearfield, and they shall in said convention act as the return judges and representatives of the Democracy of their district. All returns shall be in writing, made out legibly and certified by a majority of the township committee, to be the return of the election of the respective district, held in accordance with the rules. And no return shall be received or counted unless so made out and certified, except as provided by rule four.

RULE 7TH.—COUNTY CONVENTION.

The County Convention of representatives elected at the primary election, shall meet at the Court House in Clearfield, at three o'clock P. If no candidate shall have received a majority of all the votes cast for such office, a ballot shall be had, and if no choice be made the lowest candidate shall be dropped, and on each successive ballot the lowest candidate shall be dropped until a choice shall be made. The delegates, or delegate, in attendance from any district, shall cast a vote on each ballot which shall be equal to the lowest vote cast in his district at the proceeding general election for democratic candidates, and such delegates shall have no right to vote for any person for any office so long as the name of any person voted for in any township, or borough, shall be before the convention; but shall, on each ballot, cast the vote of their township or borough, for such person before the convention, who had received the highest vote in said township or borough.

For the Republican.

Messrs. Editors:

Having by chance met with one *Blackman's Journal* of your town of the 8th instant, I find a communication from Union township, under the head of a "*Dark Affair.*" If such conduct as these rowdys were guilty of—conduct only fit for fiends in human shape—is to be commended, in the name of our common humanity, and our claim to Christian civilization, where are we to land? I have only to say that the writer, or his informant, is guilty of uttering the grossest lies ever let loose—not one single truth—though correspondent will deal with the general conduct referred to was appointed four weeks before hand, and that, too, in the presence of some of the leading members of the Republican party; and the whole difficulty arose by the debate being arranged so as to come in *the way of the meeting.* In short, the offence was one of deliberate premeditation on the part of some rowdy abolitionists, who were too cowardly to risk their own filthy carcasses, and induced some of the *weaker sex* to do their dirty work, and then, like all cowards, left the girls to take care of themselves, while they made their escape as fast as their cowardly legs could carry them—This is a correct version of the whole affair.

As to the charge against the speaker for using bad language, it is not true, as in my humble opinion he exercised as much forbearance as even our local preacher, or any other clergyman—Quaker not excepted—could have done.

BRADY DEMOCRAT.

For Drafted Men.

[Accompanying an advertisement in this issue, from the U. S. Revenue Collector for this District—to which we call public attention—the following communication was received.]

MESSRS. EDITORS,

Dear Sirs: * * * I would have appointed a day for each County in the District, to meet drafted persons at their County towns for their convenience; but each drafted person having ten days after he is notified of the draft, to appear and claim exemption before the Provost Marshal, and it being impossible that all in any one county should be notified on the same day, it was beyond my power to fix a certain time. Besides I am informed by the Provost Marshal, that *all persons claiming Exemption*, whether by receipt for the payment of the $300, or otherwise, will have to appear and make the claim before him at his office in Waterford Borough, in Erie Co. My office in the city of Erie, is but a little distance out of the route to Waterford from other parts of the district. I presume that there would be no objection on the part of the Provost Marshal, if any number of drafted persons should make some *one* of their number the bearer of their receipts for the commutation money ($300) and that he would recognise the claim so made as valid. This would save a large aggregate of expense and trouble, that must necessarily be occasioned in traveling.

Should you find room in your columns for this communication it might be of interest to some of your readers, and oblige yours, Respectfully.

Bulkley's Patent.

Lumber Dried by Superheated Steam.

THE undersigned respectfully informs the people of Clearfield and the adjoining counties that he has the agency of the above Patent, and will sell Individual, County and Township rights for its use. The Lumber dried by this process is stronger, finishes better, I easier on tools, and requires less time in drying than any other process known—and drying 1 inch lumber perfectly in 36 hours, and better than many months under the old system—using the same amount of fuel per day that a common kiln consumes. The certificates of a number of resident mechanics, well known in this community, is amply sufficient to convince the most skeptical of its practical utility. Such has been the case in thousands of instances, and a fair trial is but required to prove the assertion.

Remember that these Bitters are NOT Alcoholic, and NOT intended as a Beverage.

The proprietors have thousands of Letters from the most eminent Clergymen, Lawyers, Physicians and Citizens Testifying of their own personal knowledge, to the beneficial effects and medical virtues of these Bitters.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

J. NEWTON BROWN.

Philadelphia, June 23, 1861.

Diseases of Kidneys and Bladder, in Young or Aged, Male or Female, are speedily removed, and speedily restored to health.

Delicate Children—those suffering from Marasmus, wasting away, with scarcely any flesh on their bones, are cured in a very short time; one bottle in such cases, will have a most surprising effect.

Parents having suffering children as above, and wishing to raise them, will never regret the day they commenced with these Bitters.

Literary men, Students, and those working hard with their brains, should always keep a bottle of Hoofland's Bitters near them, as they will find much benefit from its use, to both mind and body, invigorating and not depressing.

It is not a Liquor stimulant, and leaves no prostration.

ATTENTION, SOLDIERS,

And the friends of Soldiers.

We call the attention of all having relations or friends in the army to the fact that "Hoofland's German Bitters" will cure nine-tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise would be lost.

The proprietors are daily receiving thankful letters from sufferers in the army and hospitals, who have been restored to health by the use of these Bitters, sent to them by their friends.
