DEMOCRATIC CLUB. The following are the names of the officers of the Central Democratic Club of Clearfield county—all residing in or near this place: A. M. HILLS, President. JOSEY McPHERSON, Vice President. ANDREW ADLERSKY, Recording Secretary. T. J. McCLELLAN, Recording Secretary. W. W. HETS, Corresponding Secretary. ISAAC JOHNSON, Treasurer. All communications should be addressed to the Corresponding Secretary.

Notice.—The time for the meeting of the Teachers' Institute has been changed from the 28th September to the 5th October next.

We are compelled, for want of space, to defer the proceedings of the Democratic meeting at Mount Joy, and several communications. They will appear in our next issue.

Dr. A. M. Hills, would inform his patrons that he will be absent from his office the second and third weeks of September.

The "popular will" with which the abolitionists say the conscription act is greeted in all parts, is not visible in this place.

A DAY DAY.—Several of our jovial county friends, who were brought to town on Monday last through an anxiety to hear something about the draft, to see the circus, &c., were heard to remark that that was the day they ever saw in Clearfield. The authorities having stopped the sale of liquor, is supposed to have suggested the idea.

No HELP FOR IT.—We are sorry to inform our correspondent on the Tyrone and New Washington mail route, who complains so loudly—and no doubt justly—of the failure and irregularity of mail matter, that we know of no immediate remedy. Those who are now mis-ruling the country are totally deaf to the complaints of the people, whether those complaints are well or ill founded; and the only hope of relief is by turning them out of office and putting honest men in their place. The influence of the ballot—a work in which we are sure our correspondent will cheerfully unite with us in trying to accomplish.

NOT DEAD.—Those who had been led to believe that the Republican abolition party of this county was a dead institution, would have found themselves terribly deceived had they been in our town last Thursday at the great Republican-Abolition County Convention. After a regular standing call for weeks, not more than one half of the districts, and certainly not half their party vote, in the county, were represented.

Robert Mitchell, of this place, was nominated for treasurer; James Glenn, of Pike, for Commissioner; and John Russell, of Penn, for Auditor.

FRANKFORTH.—Rev. Mr. Gardner, who has been decidedly "warlike" in some of his sermons, and who was among the "chosen" not of Israel, but of "Ol' Dabe's" army at Waterford the other day, announced from his pulpit last Sunday his intention of obeying the "call," and advised all others to do likewise, and be glad. This is praiseworthy. We always admire a man whose practice accords with his preaching.

Garrison's Liberator begat the New York Tribune, and the New York Tribune begat the Irrepressible Conflict, and the Irrepressible Conflict begat the Helper Book, and the Helper Book begat the raid of John Brown; and the raid of John Brown begat the Chicago Platform.

To which the New Haven Register adds: that the whole begat the "present cruel war," together with death, a national debt, and destruction generally. "A fool can make more mischief in a day, than a wise man can remedy in years"—and that is just the state of the country at the present time. The fools have had their day—wise men will soon have had theirs.

THE NEWS. The advices from Charleston are to the effect, A dispatch from Fort Mifflin reports positively that Fort Sumter and Wagner were both in possession of the Union forces—that the whole of Morris Island would soon be occupied, when Fort Mifflin would be reduced and the fall of Charleston would soon follow.

Nothing important from the Army of the Potomac. One or two gunboats are reported as having been captured by the rebels on the Rappahannock. A report comes to hand, by way of Wilmington, N. Carolina, that Jeff Davis has issued a proclamation calling out 500,000 negroes, who are to receive their freedom and 50 acres of land at the end of the war. [What will our Abolitionists say now? If their object is to free the negroes, they must support Jeff, as the greatest emancipationist that ever was.]

AN OPINION FROM HON. THADDEUS STEVENS ON THE CONSCRIPTION LAW.—The Lancaster Express publishes the following opinion of the Hon. Thaddeus Stevens in regard to the effect of the payment of the \$300 commutation by a drafted man: BALTIMORE SON. LANCASTER, August 27, 1863.

Dear Sir: In answer to your inquiry, my opinion is that the payment of the \$300 commutation and the furnishing a substitute have precisely the same effect. Either of them frees the drafted man from further draft for three years. He is in effect in service, either by himself or another. The payment of \$300 makes the government his agent to procure a substitute. The government has consented to act as such agent. The law says he may "on or before the day fixed for his appearance furnish an acceptable substitute, or pay such sum not exceeding \$300 for the procurement of such substitute, and thereupon the person furnishing the substitute, or paying the money, shall be discharged from further liability under that draft." No one doubts that furnishing a substitute excuses for three years. To give a different effect to the payment of the commutation seems to me little less than an absurdity. It is a very mischievous misconception, which if need be, I have no doubt, Congress will correct.
