70,000 Contrabands freed from the BONDS OF SLAVERY!!!

EVERY man that has read any thing of the past history of this WAR must finally come to the conclusion that the Confederate Government would be broken down. It was only a question of time. But now we have the above glorious soul-stirring news to cheer us up; and the only draw-back to our joy and glorification is the imminent danger of the Contrabands coming North to "eat out our substance," and to wear out our shoes! But if we think the people of Clearfield county may be assured, and that it, that selling Boots & shoes as cheap as any other man in the county; and if you don't believe it, just give him a call on court-week, or at any other time, and see for yourself. Bulkley's Patent.
Lumber Dried by Superheated Steam.
 THE undersigned respectfully informs the people of Clearfield and the adjoining counties that he has the agency of the above Patent, and will sell individual, County and Township rights for its use. The Lumber dried by this process is stronger, finishes better, is easier on tools, and requires less time in drying than any other process known—and drying 1 inch lumber perfectly in 36 hours, and better than many months under the old system—using the same amount of fuel per day that a common kiln consumes. The certificates of a number of resident mechanics, well known in this community, is amply sufficient to convince the most skeptical of its practical utility. Persons desirous of purchasing rights will address
