The Clearfield Republican.

The Clearfield Republican.

WEDNESDAY MORNING, APRIL 20th.

The Gag Law in Congress.

On the 7th instant, ALEXANDER LONG, member of Congress from the Cincinnati (O.) district, delivered a speech in the House of Representatives on the State of the Union...

The next day Mr. Colfax, the Speaker of the House, descended from the chair and offered a resolution to expel Mr. Long for "words spoken in debate"...

And for uttering this sentiment, which we venture to say will be heartily endorsed by nine-tenths of the people...

The Constitution says: "Each house may determine the rules of its proceedings, punish its members for disorderly behavior, and, with the concurrence of two-thirds, expel a member."

This is refreshing. Perhaps our "copied" Commissioners are responsible for the war, also?

Thus, instead of making political capital out of this effort of a trucking Speaker, he and his Abolition supporters have met with a signal failure...

ANNOUNCED SALE. - The property belonging to the estate of Francis Liegey, late of Girard township, deceased, was not sold on Saturday last, as advertised...

THE NEWS. The army of the Potomac remains quiet. Gen. Grant is now at the front...

The rebel Gen. Forest, it seems, has divided his force in Kentucky - one portion attacking and sacking the town of Paducah, on the Ohio, at the mouth of the Tennessee...

The Red River expedition had reached Alexandria La., when last heard from, without serious disaster.

Let the Government take care of the rich, and the rich will take care of the poor. - used to be a favorite idea with the old Federal party...

TAXATION! TAXATION! - Our County Commissioners, having agreed to pay a bounty of \$300 per man to fill the quota of this county under the late calls for 500,000 and 200,000 men...

Our readers are aware that we, on a former occasion, expressed our disapprobation of this act of the guardians of our county. We believed then, and still believe, that it was a wrong...

Our correspondents must be patient. Our drawer is crammed full. - Some of them we will give place to as soon as we can find room...

Our Elector and Delegates to Chicago. The selection of Judge Raseola Brown, of Warren, as the Presidential Elector for the Congressional district will give general satisfaction to the Democrats...

The National Government is not responsible for the local tax levied for the purpose of filling the quotas and exempting certain localities from the draft.

Of course it is. The people themselves might have gone to war voluntarily. But they didn't do it. If those who think the war right, and approve of its purposes, refuse to volunteer, and stay at home to abuse Democrats...

Correction. - The heading to the speech of Dr. Boyce, which is concluded this week, is incorrect, and inconsistent with the argument. It should have been headed, "On the resolution proposing to require proofs of loyalty from persons claiming payment for damages by the rebel raids."

The question of the removal of the State Capitol has been temporarily postponed - which gives a breathing spell to the Harrisburgers - who, however, feel that they are not out of the woods yet.

GREAT CENTRAL FAIR.

FOR THE SANITARY COMMISSION. Office of Committee on Labor, Incomes and Revenue, No. 118 South Seventh Street, Philadelphia, April 18, 1864.

The Committee on Labor, Incomes and Revenue, invite co-operation with them in the particular work for which they have been appointed. As no portion of the people are more patriotic than the working men and women of the country...

The success of the plan will depend upon the hearty cooperation of every element of influence within our limits, and we invite all the guardsmen of the industrial interests, and all others, to take hold with us in furthering this great work of patriotism and humanity.

First. - To obtain the contribution of "one day's labor" or earnings, from every artisan and laborer, foreman, operative and employe; from every farmer, mechanic, and every other person engaged in any of the various occupations...

Second. - To obtain the contribution of one day's "Revenue," from all the great operating establishments, firms, corporations, companies, railroads and works.

Much of this work must be performed by the personal influence and efforts of ladies and gentlemen associated, or to be associated with the Committee in carrying out this plan.

The Committee deem it unnecessary to do more, than this to present the subject to the people of these States, and to relieve a great and enlightened people, enjoying the blessings of a government of their own making, of the necessity of men suffering to maintain its authority...

Subscriptions will be thankfully acknowledged in the newspapers of Philadelphia; and it is very desirable that they commence now, as each fresh acknowledgment will stimulate effort in other localities.
