

WEDNESDAY MORNING, MAY 4th. TREASON! TREASON!

The Jacobin organ in this place ought to be squelched at once. If Stanton knew how violently it is opposing calumnies he would issue an order for its suppression forthwith.

The Government gives a bounty of \$500 to raw recruits, why should not the citizens add \$200 or \$300 thereto, even if the county did not appropriate anything additional?

As the Commissioners were all "Copperheads," it was not supposed then that they could be induced to offer a bounty.

But these individual or township and borough subscriptions were not made.—The fatal draft was coming slow but surely.

There are the plain and simple reasons why this oppressive tax is laid upon the people of this county.

The article to which we refer in the last Jacobin organ is full of errors. But except in a single instance, we shall take no notice of them.

This statement we pronounce erroneous in every particular, and calculated, if not so designed to deceive the reader.—We propose to present the case fairly.

Total valuation of real and personal property in Clearfield co. subject to county tax as per last triennial assessment \$1,823,000.00.

Office-holders Convention.—The Abolition State Convention was held at Harrisburg last week, and of course they endorsed the Administration of their patron.

out of his Cabinet, is at the head of the delegation to the Baltimore Convention and also Chairman of the State Central Committee.

BUTTER.—Several of our exchanges notice the formation of anti-butter associations—pledged against the use of butter in their families until the price comes down to a certain figure.

But again: The advance in the price of the farmer's products, is less than in that of any other product—(always excepting newspaper subscription.)

Notwithstanding the fact is not admitted, many are of the opinion that heavy skirmishing has been going on.

When Rogers falls out, &c.—The fight of the factions in Blair county is growing more exciting every day.

CLOSING OF THE NEW YORK SANITARY FAIR.—The Great Sanitary Fair, for the purpose of raising funds for ostensible benevolence, has just closed.

On Saturday, at Philadelphia, the price of Gold closed at 173 per cent. This reduces the value of Greenbacks to about 56 cents in the dollar.

SOMETHING IN THE WIND.—The New York papers are ventilating, or rather hinting at some grand and secret movement among the "loyalists" all over the country.

THE NEWS.

The army news is without special importance this week. The authorities at Washington have placed their seal upon the army of the Potomac, which is not to be removed for sixty days, during which period we may look for nothing from that quarter except what is permitted by them.

Nothing new within our own lines occurred in the Army of the Potomac today. The enemy is again strengthening his works along the Rappahannock.

Washington, April 29. Advice from the Army of the Potomac state that a brigade of cavalry under General Sevin, went out yesterday to Madison Court-House, on a reconnaissance, and found a party of about 50 rebels in the place.

Notwithstanding the fact is not admitted, many are of the opinion that heavy skirmishing has been going on.

There is evidently trouble in the Cabinet again. A few days ago Gen. F. P. Blair, a member of Congress from Missouri, made a most furious attack upon Secretary Chase, charging him with disloyalty.

There are reports from the Red River that Gen. Steel, who left Vicksburg at the head of an expedition about the same time that Banks left New Orleans, for the Red River, had captured Shreveport, La., and that Banks had resumed his march from Grand Lake.
