NEW STORE

AND

NEW GOODS.

REVENUE.—The attention of buyers is called to the vendue notice of the executors of the estate of Joseph Irwin, deceased.

TIME CHANGED.—The public will take notice that the vendue of Hugh McMillan has been changed from Friday the 6th to Tuesday the 10th instant. See his advertisement.

A. M. HILLS.—Desires to inform his patrons that he is absent from his office until about the 15th or 20th of this month, after which he will be found at his office in his new residence on his old corner. May 4, 1861.

TOWNSHIP AND LOCAL LAW.—This valuable work, highly recommended by the members of the Clearfield Bar, and indispensable to township officers, can now be had at the reduced price of \$1. A limited number of copies for sale at the drug store of Hartwick & Hutton. 11.

The Legislature of this State have agreed by joint resolution to adjourn tomorrow.

Senators WALLACE and Representatives BORER and BENTON all have our thanks for repeated public favors.

MAY DAY.—Snow fell to the depth of two or three inches yesterday morning in several sections of this county.

Our editorial brethren in the adjoining counties are requested to make a note of the articles stolen from the store of E. Condit, Esq., as advertised in another column. They may thus aid in the detection of the thieves.

Lumber at Marietta is slowly falling in price. Last accounts represent that buyers were scarce. Some few sales of common timber were made at 16 and 20 cents per foot for pine and oak.

We learn that the mill of Mr. A. H. Shaw was entered on Friday night last by some thief or thieves, who on obtaining access to the office in the mill, forced open a desk and took therefrom \$50, belonging to Mr. Kramer, the miller.

WASHINGTON CAMPERS.—This noble company of battle-scarred veterans have, with but a few exceptions declined, to enlist for a second term. We would suggest to our citizens the subject of giving them a fitting reception (a ball or supper would be appropriate.) If they should live through the battles now pending on the Potomac, and we hope they may, then, let our ladies go to work and give them a reception which will, at least, equal the farewell dinner given to them on their departure in 1861.

We learn that the store of James Forest, of Lawrence township, was entered on Friday night last, and some goods, amounting to a considerable sum of money, carried off.

There is evidently a gang of freebooters prowling about the neighborhood. The spring houses of several of the farmers in the lower end of Lawrence township were visited a few nights ago, and in another instance a horse, saddle and bridle taken from separate stables, but were all recovered the next day. It would be well for our citizens to be a little more vigilant than heretofore; or perhaps a vigilance committee would not be out of place.

We are informed by the Post Master, that persons are in the habit of dropping Letters into the box, stamped with revenue stamp. Letter writers should bear in mind that Post Masters do not recognize such letters as paid, and the recipient of all such letters are compelled to pay double postage.

We are well aware of the difficulty the public have to encounter with the present policy-party Administration, but every individual should by this time understand the stamp-tax business. By placing a 3 cent revenue stamp upon your letter you compel your friend to pay six cents for the pleasure of reading your letter; and the only satisfaction you have is, that you have gratuitously contributed three cents towards the payment of a national debt of some four or five thousand millions of dollars.

NO IRISH NEED APPLY.—The Maine Legislature has passed an immigration bill, offering inducements for emigrants to settle there, with an amendment expressly accepting Irishmen from its provisions.

BULKLEY'S PATENT.

Lumber Dried by Superheated Steam.

THE undersigned respectfully informs the people of Clearfield and the adjoining counties that he has the age of the above Patent, and will sell Individual, County and Township rights for its use.

The Lumber dried by this process is stronger, dries better, easier on tools, and requires less time in drying than any other process known—drying 1 inch lumber perfectly in 6 hours, and better than many months under the old system—using the same amount of fuel per day than a common kiln consumes.

The certificates of a number of resident mechanics, well known in this community, is ample sufficient to confirm the most skeptical of its practical utility.

Persons desirous of purchasing rights will address JOHN L. CUTTLE,

Clearfield, Pa., July 1, 1861.

FARM AND TAVERN STAND FOR SALE.—The subscriber offers for sale his

Farm of 80 ACRES, about 50 of which are cleared and in good state of cultivation—situate in Girard township, near Gallows' Harbor.

The improvements are a large, well-built LOG-HOUSE, &c., and an waterman's or lumberman's tavern-stand, or a location for a store, few places on the river have better advantages.

For particulars inquire of the subscriber on the premises.

And the friends of Soldiers.

We call the attention of all having relations or

friends in the army to the fact that "Hoofland's

German Bitters" will cure nine-tenths of the diseases induced by exposure and privations incident to camp life.

In the lists, published almost daily in the newspapers, on the arrival of the sick,

it will be noticed that a very large proportion

are suffering from debility. Every article of that kind can be readily cured by Hoofland's German Bitter.

We have freely used among our soldiers,

hundreds of lives might be saved that otherwise would be lost.

The proprietors are daily receiving thankful letters from sufferers in the army and hospitals,

who have been restored to health by the use of these Bitters, sent to them by their friends.
