BOOKS FOR THE TIMES
 PUBLISHED BY
J. WALTER & Co.
 No. 16, City Hall Square,
 NEW YORK.

Biographical Memoir of Clement L. Vallandigham. By his Brother.
 A neatly printed pamphlet of 64 octavo pages, published July 29th, 1864. Price 25 cents.
 This is a work of great value and interest, entirely authentic and reliable, and should be circulated by hundreds of thousands.

ALSO,
Speeches for the Times. By James W. Wall, with a sketch of his Personal and Political History.
 A pamphlet, size and style same as above. Published to-day. Price 25 cents.
 The Administration sent Mr. Wall to Fort Lafayette the State of New Jersey to the Senate of the United States. This work shows why he is persecuted by the enemies and honored by the friends of liberty and law. The speeches are written with the power and energy of political truth. Let them go everywhere; for in this hour of greatest danger and trial the hearts of the people are turning to the men who have been right from the first and at all times.
 These and all other works published by us are designed to counteract the tendencies to political insanity now so dangerously prevalent.
 A thousand agents wanted immediately to sell our publications; profits liberal. Send for a "Circular."
 Country dealers can be supplied through the channels by which they receive their New York papers, and at our lowest wholesale price; the News Companies' commissions being paid by us.
 Every editor, disposed to aid the cause, is invited to insert and notice this advertisement, and his order, not over two dollars, will be accepted and credited on any purchase amounting to ten dollars or more.
 Copies of the pamphlets for notice are at the service of the entire editorial fraternity.
 New York, Aug. 24. J. W. & CO.

Bulkley's Patent.
Lumber Dried by Superheated Steam.

THE undersigned respectfully informs the people of Clearfield and the adjoining counties that he has the agency of the above Patent, and will sell individual, County and Township rights for its use. The Lumber dried by this process is stronger, finishes better, is easier on tools, and requires less time in drying than any other process known—and drying 1 inch lumber perfectly in 36 hours, and better than many months under the old system—using the same amount of fuel per day that a common kiln consumes. The certificates of a number of resident mechanics, well known in this community, is amply sufficient to convince the most skeptical of its practical utility. Persons desirous of purchasing rights will address

MUSKINGUM VALLEY
STEAM WORKS.
 Corner of Market and Third Streets,
 ZANESVILLE, OHIO.

Having added greatly to our former extensive facilities, we are now turning out a large number of our improved Portable Steam Engines and Portable Circular Saw Mills, many of which are finding their way into Pennsylvania, Ohio, Indiana, and Illinois. These already received and in operation are giving the most entire satisfaction. There is now hardly a State or Territory in the Union but that our Improved Portable Engines and Saw Mills are in use. All our Engines have spark arrester stacks on them, which consume the flying sparks.
 We would respectfully refer you to the following gentlemen and certificates for the portability, utility, and practical operations of our Portable Steam Engines and Saw Mills.
 A. VONBACH, Chester Co., Pa., April 8, '64.
 Messrs. J. & J. H. DUVAL—Gentlemen—The Portable Engine and Saw Mill got of you gives entire satisfaction. I cheerfully recommend those in want of Saw Mills to give you a call.
 Respectfully,
B. F. WICKESHAM,
 MINERAL POINT, Cambria Co., Pa.
 May 21, 1864.

J. & J. H. DUVAL—Gentlemen—With Mr. S. Hardisty as Sawyer, we have used the Portable Steam Mill sent to Cambria Iron Company, in nine hours, eight thousand feet of lumber, (two thirds of it being oak) and would cheerfully recommend your Mills to those in want of such. Very respectfully,
JOHN MORRELL,
 For Cambria Iron Company.
 Mount Pleasant, June 2, 1864.

Messrs. J. & J. H. DUVAL—With the assistance of Mr. Hardisty, we sawed the first day we set up your Engine and Saw Mill, seven thousand two hundred and fifty-six feet of one inch pine boards, when everything was new and had become very rusty by three weeks exposure in an open car. We are well satisfied that the mill will cut fully one thousand feet of inch lumber per hour, with suitable help. We cheerfully recommend your mills and engines to any in want, as we are fully satisfied they are the best mill and engine of the kind we have ever seen.
 Yours truly,
JOHN BRENNER,
 For Brenner, Trucks & Co.
 EBERSBURG, Pa. Feb. 26th 1864.

Messrs. J. & J. H. DUVAL—Dear Sirs—Our portable saw Mill and engine arrived last week— all safe and right, we believe—and we can say without boasting any factory in detail of Mr. Hardisty that he did himself credit in putting the mill up and starting the same. Yesterday, just one week from the time we unloaded the engine, he sawed with four hands, about 6000 feet of lumber in about eight hours, a portion of the logs were oak and ash. So far as we are able to judge, we think we will be able to send you a better report after a while. We are satisfied with the Mill and Engine, and can recommend them to any person who may desire a portable mill and engine.
 Yours, wishing you all success,
REES S. LLOYD & CO.
 For further references we will give the names of James & Evans, Ebersburg, Pa. Messrs. Hanway & Co., Latrobe, Pa. Messrs. Pruner & Barley, Tyrone, Adams, Calhoun, Cresco, G. Guinker, Hollidaysburg; Hileman & Hesser, Altoona; Messrs. Reed & Bro., Tyrone; W. Dill, Follett, Jr., Pittsburg; S. Rhynes, Lake City; Brookville; J. Zeigler and Joseph S. Reed, Huntingdon; all of whom have purchased Portable Steam Engines and Portable Circular Saw Mills of us.
 We fully warrant our engines and saw mills to be made of first class material; workmanship the same; with Brass Ball Valves in pumps, and checks, and to saw from 6,000 to 10,000 feet of lumber per day (say ten hours).
 Orders solicited. Descriptive circulars sent to all correspondents.
