No. 19, City Hall Square, NEW YORK.

*Biographical Memoir of Clement L. Vallandigham. By his Brother.*  
A neatly printed pamphlet of 64 octavo pages, published July 29th, 1864. Price 25 cents.  
This is a work of great value and interest, entirely authentic and reliable, and should be circulated by hundreds of thousands.

ALSO,  
*Speeches for the Times. By James W. Wall, with a sketch of his Personal and Political History.*  
A pamphlet, size and style same as above.—Published to-day. Price 25 cents.  
The Administration sent Mr. Wall to Fort Lafayette; the State of New Jersey to the Senate of the United States. This work shows why he is persecuted by the enemies and honored by the friends of liberty and law. The speeches are replete with the power and energy of political truth. Let them go everywhere; for in this hour of greatest danger and trial the hearts of the people are turning to the men who have been right from the first and at all times.

These and all other works published by us are designed to counteract the tendencies to political insanity now so dangerously prevalent.  
A trusted agent wanted immediately to sell our publications; profits liberal. Send for a "Circular."

Country dealers can be supplied through the channels by which they receive their New York papers, and at our lowest wholesale price; the News Companies' commissions being paid by us.

Every editor, disposed to aid the cause, is invited to insert and notice this advertisement, and his order, not over two dollars, will be accepted and credited on any purchase amounting to ten dollars or more.

Copies of the pamphlets for notice are at the service of the entire editorial fraternity.

**Bulkley's Patent.**  
**Lumber Dried by Superheated Steam**

THE undersigned respectfully informs the people of Clearfield and the adjoining counties, that he has the agency of the above Patent, and will sell Individual, County and Township rights for its use. The Lumber dried by this process is stronger, finishes better, is easier on tools, and requires less time in drying than any other process known—and drying 1 inch lumber perfectly in 26 hours, and better than many months under the old system—using the same amount of fuel (fueled by a number of resident mechanics, well known in this community, is amply sufficient to convince the most skeptical of its practical utility. From Mrs. J. E. Johnston, Esq., of Boston:  
"I had for several years a very troublesome eruption in my face, which grew worse and worse until it disfigured my features and became almost insupportable. I tried almost every thing without relief. I had your SASSAPARILLA, and I found it a most efficacious medicine for the cure of my skin disease until we tried your SASSAPARILLA. The result was well for our month."
