Whatever be its origin, it is hereditary in the con titution. descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their Ready Made Clothing, of Latest Styles children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, od finally Consumption; in the glands, s. dings which suppurate and be-come ules our scree; in the stough and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and entaneous affection These, all having the same origin, require the Or anything else in the Notion Line! With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh"

healthy, you cannot have scrofulous disease. Ayer's Sarsaparilla is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Erysipelas, Rose or St. Anthony's Fire. Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, MAIN STREET, BROOKV LE, PA Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases,

Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in Aven's AMERICAN ALBANAC, which is furnished to the drugglets for gratuitous distribution, wherein may be learned the directions for its use, and some one who can speak to him of its benefits from personal experience. Scrofula depresses the sital energies, and thus leaves its victims for more subject to disease and its fatal results tends to shorten, and does greatly shorten, the average duration of human life. The and importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER's Sansaparilla, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, age heretofore extended. Look out for the sign of and vigorous health will follow. By its pecuhar virtues this remedy stimulates the vital functions, and thus expels the distempers

which lurk within the system or burst out on any part of it. We know the public have been deceived by many compounds of Sarsoparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in The best now in use. Those using this machine dant trink, and there remains no question of never need be without clean clothes! He also has this. Its virtues have been proven by abunafflicting discuses it is intended to reach.
