All should subscribe, who wish to acquaint themselves with bistorical facts of the greatest Furniture, among which ara value at the present time, or to arm themselves with arguments to oppose Puritanle Priesteraft, which, in addition to all other curses it has inflicted upon our country, has now involved us in the most tarrible sectional war, and threatens to follow it with a sectarian crusado far more awful. unlessarreated by the dissemination of documents exposing its character and objects, such as the author has sought to make this history useful in ccomplishing. Priesteraft is therein proved to be alike antagonistic to the true Christian roli. gion, popular liberty, and the public peace and prospecity; and the political elergy are size pro-ven to be servants of Satan, instead of ministers of the Prince of Peace, and their influence "evil, and only evil continually." Patriots will find a perusal of its pages of great advantage in enabling them to fight the hydra-headed monster that must be slain before we can hope for peace and a restoration of civil and religious liberty in our country.

This listory will also soon be published in book form, with paper covers at 1\$, and in good cloth or skin covers at \$1 50 to \$2. At these prices it will be sent to any address in the United States, postage free. Every intelligent patriot should have a copy, and after reading lend it to his friends and neighbor.
