

Wagon Car Time, on and after April 1st, 1866, trains on the Pennsylvania Rail Road, stop at Tyrone, as follows:

We call the attention of our readers, to the advertisements of Harris & Chapman, Boston, and Bartleson & Co., Philadelphia.

NEW STORE.—We direct the attention of the public to the card of L. M. Contrelet, of Girard township, who has brought a large stock of goods to that place, which he intends to sell as cheap as they can be bought in the county. We will publish his advertisement in full next week.

FOR SALE.—The Proprietor of the Indiana Democrat, offers the subscription list, good will, press, type and fixtures for sale. The jobbing is worth \$500, advertising \$1000 per year, and a list of 800 subscribers.

FIRE.—The dwelling house of Mr. Lewis McCullough, of Lawrence township, was entirely consumed by fire one day last week. The building was nearly new, and will entail a heavy loss upon Mr. McCullough. The larger portion of his household goods were also destroyed, he being down the river at the time. The origin of the fire is unknown.

FIRE.—We regret to learn that the house and barn belonging to Elam Passmore of Pike township, were entirely consumed on Sunday last. It is supposed the fire caught from the stove pipe, and was communicated to the barn. Nearly everything in the house was burned up.

OUR NEW MAP.—We understand that the Surveyors are already on the ground making surveys and collecting material for our new County Map. Mr. Beers under whose direction the surveys are being made, has been long in the business, and understands what is necessary in order to make a good map, and together with his assistants Messrs. Rice and Goodhue, will spare no pains in making ours one which we may feel proud of. We hope the citizens of our county will aid them as much as possible in their efforts, by furnishing material and giving all necessary information to that end.

The aggregate amount of cotton goods imported at the Port of New York, for the first four months of 1866, amount to fifty-two million of dollars, against thirteen million for the same time last year—just four times, while the shipment of flour and grain has fallen off 300 per cent. This certainly looks like bankruptcy.

THE FAILURE.—The Venango Spectator says that the general impression is, that the Venango Bank, and the Oil City Bank, will never resume business. The Directors are all worthy citizens, and had no hand in robbing those banks of their funds, but are the victims of misplaced confidence.

A conflict has occurred between the Civil and Military authorities at Louisville, Ky, in an attempt to arrest Gen. Jefferson C. Davis, for interfering with the cause of public justice. Attachments have also been issued against Generals Thomas, Johnson and Whipple. The President has been interrogated by both parties, but no answer has been returned.

Thad Stevens said, during the last Congress that—"This Union never shall with my consent, be restored under the Constitution as it is." That is what Thad is now driving at, and he has secured Gen. Geary to help him fight against the Union and the Constitution. Like the disunionists at the Southern end of the line, they will get badly thrashed, if they don't behave themselves.

SUPERINTENDENT.—In conformity with the School Law, the Directors of this county, assembled at the Court House on Tuesday last, and elected George W. Snyder, on the first ballot, County Superintendent, and fixing the salary at \$1,000. We will give the proceedings next week.

The National Bank at Cadiz, Ohio, was robbed on the 29th ult., of \$300,000 in bonds and \$50,000 in deposits. The Cashier was gagged and bucked by six men, who committed the robbery.

Northern and Southern Odd Fellows.

Fortress Monroe, April 14.—The visit of the representatives of the Greble Lodge of Odd Fellows, at this place, to the Grand Lodge of Virginia, in session at Richmond, Va., a few days ago, affords a very noticeable incident of the genuine good feeling and the general desire of an approximation towards a better understanding between both sections of the country, so long separated by internal dissension and warfare, as at present existing among the people of Virginia. The gentlemen comprising the delegation who visited Richmond speak very highly of the cordial welcome extended them by their brethren of the Old Dominion. The Greble Lodge of Odd Fellows, established here during the war, was organized by persons attached in various capacities to the Government departments of the Point, and was named after the lamented Lieutenant Greble, of Philadelphia, who fell at Big Bethel. It has since become a large and efficient body. The warrant for its institution was granted by the Grand Lodge of the United States, but at the last session of that lodge it was recommended that it be turned over to the jurisdiction of the Grand Lodge of Virginia, in consequence of its being within their territory.

This transfer of authority was consummated this week, in a manner which promises the happiest results, and which leads to the belief that the Grand Lodge of Virginia, by their action in the case, will be solely governed in their deliberations by the high principles on which the Order is founded.

WILSON'S ARMY BILL.—This bill, which passed the Rump Senate on the 14th by a vote of ayes 72, nays 5—absent or not voting 18—provides for five regiments of artillery, twelve regiments of cavalry, (two of which are to be made up of negroes,) and fifty regiments of infantry, (thirteen of which are to be made up of negroes.) Promotions in negro regiments are not to be confined to the negro corps! No provision is made for the Veteran Reserve—they were entirely counted out. Fessenden, Republican, of Me., said: "The request of the Reserve Corps for retention in service he considered selfish and impudent!" In all, the bill provides for a standing army of about seventy-five thousand men and niggers. What earthly use this army is to be to the country, except to roll up taxation, we cannot see. God knows the public barthen are heavy enough already. Should the bill pass the Rump House, we hope it will get a prompt application of the veto.—Patriot & Union.

A MASS MEETING IN BROOKLIN.—A grand mass meeting under the auspices of the Andrew Johnson Club of Kings county, N. Y., was held on Wednesday night at the Brooklyn Academy of Music. The large edifice was filled from parquette to amphitheatre. The meeting was for the purpose of giving substantial testimony in favor of the reconstruction policy of President Johnson. Among the speakers were Major General Rousseau, of Kentucky; John Van Buren, Mr. Dawson, of Georgia, and Postmaster Cleveland, of Connecticut. A letter from General Dix was read, endorsing the objects of the meeting, and expressing the regrets that prior engagements prevented his attendance.

INTERESTING DECISION.—Colonel W. J. Willey, brother of United States Senator Willey, of West Virginia, and who had received a pardon from the President, was tried last week at Fairmont for bridge burning. He was indicted, says the Vidette for a violation of a law of the State making it a felony to burn bridges of a certain description. The court, however, decided that for an act of war committed by a soldier of the late rebel army under the order of his commanding officer, and in accordance with the usages of war, the pardon of the President is a bar to a prosecution of the soldier in a State court for the same act as a violation of the State law.

RELEASE OF PRISONERS.—The unpurged portions of the sentences of confinement in cases tried by field officers—regimental, garrison or general courts martial in the different military departments are being remitted, and all enlisted men belonging to volunteer organizations held in confinement, and who commands have been ordered to be mustered out of the service, are being discharged. Men who have been tried or are held for trial for the crimes of murder and larceny will be released from confinement.

ALMOST A CENTENARIAN.—Mr. Valentine Brown, aged 95 years who died at his residence in Gregg township the 15th, of April, was perhaps the oldest resident of the county, having resided in it since 1800. He was the father of 11 children, the grand father of 115, the great grand father of 800, and the great great grand father of 10, most of whom are living in the county. He was an honest upright man, in all the relations of life, a member of the German Reformed church, and died respected and mourned by a large circle of relatives and friends.—Belleville Hatchman.

A MORMON "RELIC" IN ILLINOIS.—The widow of Joseph Smith is still alive at Nauvoo, Ill., and is represented as stubbornly taciturn and a devout believer in the Mormon faith. She is now 62 years and has been remarried.

"They Don't Care for me Now."

A poor little negro boy named John Alexander, came to the Mayor's office last night for lodging. The little fellow stated he had been taken from his father and mother at New Orleans by an officer of the United States army, and when the officer got to this place, he left him without a cent, with poor clothes, with nothing to eat and nowhere to sleep. The little fellow said in a pitiful tone of voice, "they liked us down dar, but day don't care for us now." So it is, the Abolitionists howl for free suffrage and social equality, but when it comes to real acts of kindness and friendship, they are the bitterest enemies of the African.

We clip the above from the Harrisburg Patriot & Union, and reproduce it in our columns for the purpose of alluding to a similar case in this section. Several years ago a chaplain in the army, accompanied by his wife, happening to be at the city of New Orleans, induced a colored girl there to leave her home and accompany the wife North. Through the persuasions and promises made by this chaplain she was induced to give her consent, and she was brought to this county. Shortly after her arrival here the girl became afflicted with rheumatism, and this precious pair of "humanitarians" immediately sent her to the Poor house of the county, where she has been, ever since. Although this girl is anxious to return to her home, and has made her wishes known to the party, she has received no response, and is entirely neglected by them. This poor girl has been brought two thousand miles from home and left to subsist on public charity—left to suffer and perhaps to die amongst strangers, without a care or a thought from the humanitarian who brought her away from her home and kindred. And this man, forsooth, is a clergyman!

THE "COMING MAN."—The following resolution has been passed by the "Republican" convention of Lawrence county—by those who support JOHN W. GEARY for Governor. White men read it: Resolved, That justice, honor, good faith, as well as a proper regard for the public safety, demand that in the District of Columbia, and in that portion of the country lately in rebellion, the elective franchise should be guaranteed to loyal citizens alone. IRRESPECTIVE OF RACE OR COLOR.

Our loyal friends used to talk a great deal about the "boys in blue"; but now all their gab and cant seems to be invested in the boys in black—the nigger.

The great bridge across the Ohio river at Cincinnati is said to be nearly completed. It is two thousand feet long, and one of the spans, measuring nearly eleven hundred feet, is said to be the longest in the world.

HOW TO SAVE MONEY.

The times are hard; you'd like to know how you may save your Dollars; the way to do it I will show, if you will read what follows. A man who lived not far from here, who worked hard at his trade; got but a household to support; that squandered all he made.
