

# BRICK DUST FOR SORE HEADS.

"Brick" Pomeroy, of the La Crosse Democrat, thus sprinkles brick dust over the sore head disunionists of that section, and we reproduce it for the benefit of the same class here:

"This reminds us of a little story: as the government used to say." Say, you radical, nigger-loving, Anna Dickenson, Fred Douglass, Ben Butler style of Republicans, how do you like Mr. Johnson? How do you like going out of the Union for a President? How do you like Tennessee statesmanship? How does it compare with your former flat boat style?

And God said let there be light, and there was light. This is bible.

"And being in torment, they lifted up their eyes and saw" not Abraham in the bosom of Lazarus, but Andrew Johnson in the White House. Pretty picture, isn't your freedom shrieking, press mobbing, Democrat hanging, cotton stealing, woman robbing, plunder loving, prison advocating, Democrat abusing, ballot-box stuffing, office holding sepulchres full of nigger's bones?

How do you like the new President? How do you like the President? Wouldn't you like to choke gently on Booth's windpipe, if he were still alive? How do you like this going into the Democratic party for a horse to hitch up in the place of your former mule? The seed of white men shall bruise the head of Republicanism, and Johnson shall be the next President. Verily we say unto you, now is the time to repent? It is a bad time for you fellows to swap horses when crossing a stream! Why don't you Republican, wench hugging, freedom shrieking, law breaking, union hating members of the only treasonable party in the Union, get drunk and parade with torches? The President is the Government, you know.

He who speaks against the President is a traitor. Let traitors be hung! Why don't you get drunk, burn printing offices, murder a few Democrats, throw a few printing presses into the street, stop your newspaper, hold prayer meetings in barns and get drunk as owls, as you did when the other President spoke? "Who's pen here since I've pen gone?" Who elected Johnson? Why in the name of thunder don't you get out the Wide Awakes, burn Democrats in effigy, shoot at them as they go around corners, waylay them in post offices, shout 'rah for Link-Johnson, and hold fast to the prize you found down South.

"Way down South in the land of Dixie" Ain't that a pretty little song? How do you like this "expediency dodge"? Why don't you cackle when your President lays an egg? Why don't you celebrate, jubilate, investigate, operate and the arid tonsils inargate as you used to once?

Why don't you laugh—smile—talk, say something, if it is not so all-fired smart? Gracious, but you fellows are busy about now! This is your President. God gave him to you. You selected and elected him! What's the trouble in your camp? Oh, but you are a wet set of roosters?—Well never mind. We won't mob you—prison you—hang you—abuse you—harass you in business—malign you—insult you—rob you and use you as you have for five years used us. You needn't look scary like when you see a rope, a prison or a gun!

Get out the Wide Awakes. Call out the loyal leagues! Get up some sanitary fairs. Appoint a few Brigadier Generals. Raise some colored troops. Turn your prayer meetings into electioneering booths. Tamper with election returns. Control the telegraph. Lie to the nation. Open your mouths and guffaw when the President speaks. Be sensible. Don't act like wandering drops from a grand funeral procession. Why you looked pleasantly good, joy struck, happy, angelic when Lincoln died, compared to the way you look now! Poor Republicans—how dreadful grief wears on you.

"The Lion's Mouth."—All who are familiar with Venetian history know what a terror was caused in the minds of the people of that Republic when the infamous "Council of Ten" instituted the "Lion's Mouth," to facilitate accusations and enable every malicious creature to revenge himself upon his enemy by sneakingly intimating that he was unfaithful to the tyrants who then ruled unhappy Venice. There is reason to suspect that the recently appointed reconstruction "committee of fifteen," which is playing such queer pranks in Congress at the present time, desires to inspire a similar kind of fear in the minds of the American people. Armed with power to "send for persons and papers," they are making a very ridiculous use of it, and it can hardly be doubted that the purpose is to intimidate the friends of the administration and keep them away from Washington. The only information which that committee really needs may be had without a subpoena. Its members may readily procure a copy of the Constitution, and a careful perusal of it will show them that Congress and congressional committees have no authority to destroy nor to reconstruct States, and if they will report this fact to both houses their work will be complete, and they will deserve the thanks of the whole country for having done one sensible thing.

"A young lady down east, who lately collided with an ice-bound sidewalk, remarked, as she assumed a perpendicular position, 'I have a man to hang on to before another winter comes round.'"

# Something New.

G. SUMMERFIELD LEGAL, Manufacturer of Tin and Sheet Iron ware, Philipsburg, Penn'a.

I would respectfully inform the Public, that I have opened a room in the borough of Philipsburg, for the manufacture and Sale of

Tin Ware

out of the best material the market will afford, and made by experienced workman, all of which I will sell at either wholesale or retail prices surprisingly low. I ask those in need of anything in this line to call and examine my ware and satisfy themselves that it is made for use. Country

Merchants desiring to purchase small lots of Ware will find it to their advantage to buy of me.

Stoves

of all sizes and shapes, for burning either Wood or Coal. I would call particular attention to that well tried and popular Cooking Stove called, very appropriately, the IRON SIDES. This Stove has all the advantages possessed by others, besides the oven is larger, and the ash pit deeper and more top surface than that of any other Stove in the market, and is without a rival. I also keep on hand all kinds of

Store Pipe

which I will sell as low as it can be purchased west of the mountain. I also keep constantly on hand shovels, carriage bolts, grates, firebrick, stove linings, sleds, Waffle Irons, Sheet Zinc, Sled Irons, Brass and Porcelain Kettles, together with a variety of wares too numerous to mention. Also a large stock of the best kind of Stoneware.

And last though not least in my line of business, is that of

Spouting.

I am prepared to fill all orders in this line on short notice, and manufactured out of the best material. I want every body that comes to town, to come and take a look at my show, and see for themselves. I am going to sell the cheapest and best Wares ever offered in this vicinity. I have several "Tropic Heating" and "Parlor Cook" Stoves that I will sell at cost, to close out the stock for the Season. Try me. Feb. 7th 1866-4f
