Insurrection Among the Tailors.

The long mooted question, whether we have a Government, is being amply illustrated in this section of the county. The "Government" during the past week has removed Daniel Livingston, the Assessor of the 19th District, and appointed Michael A. Frank, in his stead. Mr. Frank was the Postmaster in this place, which office has been filled by the appointment of one of the "boys in blue," Capt. P. A. Gaulin.

The novelty of this raid on the disunion "bread and butter brigade," by the government, is that not a "copperhead" is engaged in it, either directly or indirectly, but all are of pure blue blood. Mr. Livingston is a tailor, his deputy, Hemphill, do; Mr. Frank, and his deputy, Radebaugh, and the appointee, Gaulin, as well as the "Government" itself, are all tailors. Although the appointees are all Republicans, they are not of the disunion Stevens class, who, in their desperation to retain their places, are willing to sacrifice the Union, thus striving to complete that which Jefferson Davis and his friends failed to establish—a separation of these States. Messrs. Frank and Gaulin both sustain the reconstruction policy of President Johnson, while those removed are Disunionists. Mr. Row, the mail agent, whose removal we noticed last week, was a secessionist in 1860, and has never retracted his treasonable views; hence his removal was proper and just, and in fact his appointment should never have been made, notwithstanding he and his friends shouted themselves hoarse on "the war for the Union."

Falling from Grace.

The editor of the *Shirleysburg Herald*, in removing the name of General Geary from the head of his columns, declares he is now fully convinced that negro equality and negro suffrage are the grand objects of the Radicals, and that he cannot and will not disgrace himself and his paper by giving countenance to the movement.

The Northampton County *Journal*, hitherto a Radical paper, has abandoned the "torch-and-turpentine" party, and supports Hiestery Clymer and the Restoration policy of which he is the representative.

The *Union Republican*, published at Williamsport, has dropped the name of the Disunion candidate—Geary. The issue was too dark for the editor.

The *Janata Republican*, published at Millintown, Pa., has taken down Geary's name from its mast-head.

We notice also that scores of old and consistent opponents of the Democracy are forsaking the black flag of the Radicals, and are uniting their fortunes on the side of the party that carries the flag of the Union. All these things are indications of a change of public sentiment.

Scott vs. Scofield.

The last Jacobin organ in this place gave the following, which we transfer to all. In speaking of Mr. Scott, the Conservative candidate for Congress, it says:

"After the outbreak of the rebellion he raised and equipped a splendid battery, which did good service under General Sherman. Mr. Scott took good care, however, not to go into the war himself."

Now, what did Mr. Scofield do? Where is the "splendid battery" that he raised and equipped? Or failing to do that, did he go to war himself, and if not, why not? Will the organ tell us? Or will it tell us how certain other gentlemen kept "out of the war," who now boast of having sent an Irish or Dutch battery, at a cost of some three or four hundred dollars, to save their own cowardly carcasses?

No, no; Mr. Scofield preferred comfortable quarters at Washington, at \$5,000 a year, where he could vote for Negro suffrage, and to degrade and insult the white soldier by giving the negro a bounty of three hundred dollars for two years service, while the white soldier only gets the promise of one hundred dollars.

And yet they claim to be the real friends of the soldier!

Maine "All Right."

The Radicals are crowing tremendously over the result of the recent election in Maine. Do these gentlemen forget that on two celebrated occasions heretofore, when the powerful Middle and Western States gave overwhelming Democratic majorities in October and November, Maine did this very same thing in September? In 1856, after Maine had given the Abolitionists an increased majority, and had set the whole pack to crowing just as they now are, they were overwhelmingly defeated in the Middle and Western States in the following months. The same thing occurred again in 1862, and is almost certain to occur again this year. So that it may hereafter be said "as goes Maine, so don't go the Union."

Glenn W. Scofield, the Disunion nominee for Congress, is in favor of negro suffrage.

Thad. Stevens' pocket piece, Scofield, has not, like Mr. Hubbard of West Virginia, returned his \$2,000 extra pay to the United States Treasury.

Treason will be made "odious" on the second Tuesday of October, by the old "Union saviors" rolling up 25,000 majority for Hiestery Clymer.

DEMOCRATS, do not fail to go to the election on the second Tuesday of October. The salvation of the Union depends on your votes.

TREASON, in the shape of Radicalism, must be squelched on the second Tuesday of October, and the cheap and effective way of doing it, is for every Democrat to go to the election.

The hero of the Buckshot war and his treasonable band can only be made odious by all Democrats going to the polls on the second Tuesday of October.

SCOFIELD, the Disunion member of Congress from this district, having voted for negro suffrage in the District of Columbia, is of course in favor of establishing it in Pennsylvania.

JOHN W. GEARY, is the candidate for Governor of those bold bad men, Stevens, Cameron & Co., who are now attempting to enforce negro suffrage upon, and reduce the whites to, the degradation of the negro.

TIME FIXED.—The late Congressional Convention, before adjourning, passed a resolution designating Ridgeway as the place, and the third Thursday of August, 1868, as the time, for holding the next Conference. The see-saw programme is therefore ended.

VOTERS of Clearfield county, our Radical opponents ask you, at the approaching election, to reduce yourselves to the level of the negro. Will you do it? Your votes on the second Tuesday of October, will show whether you desire your children to associate with, and become the equal in degradation of, the black African.

Our Congressman, Scofield, wants to dodge the responsibility of the bill allowing \$4,000 extra bounty to Congressmen, by stating that he was asleep when the bill passed. Why did he not sleep when the Negro Bureau bill, Civil Rights, and other infamous bills passed? He is wide enough awake when the interests of the darky are at stake, but when the white tax-payers' interests comes up, he sleeps.

The Radicals profess great love for the defenders of the Republic, yet when General Grant and Admiral Farragut visited Philadelphia they grossly insulted these heroes by refusing to extend to them the hospitalities of the city.

WARNING TO ELECTION OFFICERS.

Trial and conviction of a Judge and Inspector in Centre County, for refusing the Vote of an alleged Deserter.

Two members of the Election Board in Snowshoe township, Centre county, Pennsylvania, have been tried and convicted for refusing the vote of an "alleged deserter" at the election in October, 1865.

Hon. Samuel Linn, a Republican, is the President Judge, and was obliged to declare the law as it really is. We annex a statement of the case:

The trial of Josiah H. Brown, J. M. Betts, and D. H. Yeager, Election Board of Snowshoe township, for illegally refusing the vote of John Dayton, at the October election, 1865, resulted in the conviction of Brown and Betts, and the acquittal of Yeager; the Court having instructed the jury that they could not convict the latter under the evidence.

The facts of the case, as given in evidence on the trial, are about as follows: John Dayton, a man of foreign birth, presented himself at the window at the October election in 1865, offering his ballot in one hand, and his naturalization paper and a receipt for taxes in the other. He was challenged by one of the Board as a deserter, as he had been absent from the township during one of the drafts. They refused to allow him to vote unless he would take an oath that he had not left the township to avoid the draft. Mr. Dayton refused to do this and his vote was rejected. Mr. Yeager protesting against the action of the Board and being overruled by his companions. Mr. Orvis assisted the District Attorney in the prosecution, and Mr. M'Allister conducted the defence. The jury were out but a short time, when they returned with a verdict of guilty as to Brown and Betts, and not guilty as to Yeager.

The attention of the State officials at Harrisburg, who are sending out lists of "alleged deserters," and instructing their political friends in the various election Boards throughout the State not to permit these persons to vote, is called to this trial and conviction. It covers the whole ground, and is sustained by the principle laid down by the Supreme Court of the State in a kindred case. Election officers have no right to sit in judgment upon deserters. If a man is challenged upon that ground, the challenging party must produce legal evidence that the person offering to vote has been tried and convicted of the offence before a proper tribunal. If such proof is not submitted and the vote is rejected, the officers are liable to arrest and punishment, as was the case with the parties in Centre county. That is now settled as the law, and there should be no attempt to prevent legal voters from depositing their ballots. If there is, those making it will suffer the consequences of their illegal and unlawful acts.

How the Tickets are to be Voted.

The Legislature, last winter, passed a law which changes the manner of voting. All State officers voted for will be voted on one slip, labeled "STATE;" all county officers, members of Congress, and members of the Legislature voted for, will be voted on another slip, labeled "COUNTY;" and all Judges of Courts voted for, will be voted on still another slip, labeled "JUDICIARY;" which divides the ticket, at the present election into three slips. All tickets should be ready cut, folded and tied, before election-day. Let Democrats attend to this everywhere, and see that all the ticket is included in their ballot. The ticket will be printed as follows:

STATE

Governor

Hiestery Clymer.

COUNTY

Congress

William L. Scott.

Assembly

John D. Hunt.

Commissioner

Henry Stone.

Auditor

John A. L. Flegal.

JUDICIARY

Associate Judges

Jacob Wilhelm

Samuel Clyde

The ticket must be cut apart at each of the wide spaces, with the words "STATE," "COUNTY," and "JUDICIARY" folded out.

For five or six years the Radicals contended that the States lately in rebellion were not out of the Union, and never should go out. Now they boldly assert that they were out all the time, and shall not come back to participate in the blessings of the General Government. Strange fellows.

The Radicals profess great love for the defenders of the Republic, yet when General Grant and Admiral Farragut visited Philadelphia they grossly insulted these heroes by refusing to extend to them the hospitalities of the city.
