Thursday Morning, March 14, 1867.

I am thoroughly convinced that any settlement, or compromise, or plan of action which is inconsistent with the principles of the Constitution will not only be unavailing but mischievous, that it will but multiply the present evils instead of removing them.

READ IT.—We publish this week the late veto message of the President of the Rump act establishing a Military Dictatorship in the Southern section of the Union.

A negro named Jones, on Monday last, elected Constable for the town of Blackstone, Mass. This is putting the right man in the right place; because no people on earth are better adapted to the scent and manners of the negroes than the "mean whites" of Massachusetts.

NEARLY WOUND UP.—The great impencher—Ashley—together with his party, nearly came to grief on the 4th instant. But for the clamor of some of the members of Rump No. 2—Butler, Logan, and a few others, who wish to make themselves ridiculous—

STARVATION.—A dispatch from Washington says: Further accounts from Alabama and Georgia represent the destitution greater than heretofore existed.

SCUMMED.—The "pastors and folders" of the Pennsylvania Legislature got old Simon wig-wag to get up a special train by which all loyal disposed members of that body should proceed to Washington to see the old Chief sworn in on the 4th.

AWFUL! AWFUL!—Although the loyal Rump at Washington has run a prayer meeting and a temperance league for three months past, yet Senator Wilson, the head of the former, stated in his seat on Friday last, that the committee rooms in the Capitol were little better than grog shops.

ALARMED.—On Friday last, while the Washington Rump were discussing the question of the Kingdom of Canada, the old Winnebago Chief, moved by honest motives, stepped to the front with the following inquiry:

THE CAPTOL.—Since the National Capital has fallen into the hands of negroes and white loyalists life and morals are retained at a great risk, even on Pennsylvania avenue.

The New American Kingdom.

A bill is before the British Parliament for the confederation of the British Provinces, to the north of the United States, under the name and style of "the Kingdom of Canada."

Second—No pardon will be granted unless notice of the application shall have been given to the judge who tried the case, to the district attorney, or to the attorney who prosecuted; proof of which notice shall be furnished this department.

Third—All applications for pardon must have with them the following papers written in a clear and distinct hand: 1. A certified copy of the whole record, including docket entries, minutes of court, copy of indictment, pleas, and all other papers on file in the court relating to the case.

Fourth—Recommendations for pardon for unexpired terms of sentence must have a copy of the whole record as before required. Also a copy of commitment; petition from prisoner setting forth reasons, and statement from warden and inspectors of prisons.

Our New Governor.

In his inaugural, John W. Geary, the Governor-elect of Pennsylvania, made a special point of the uses and abuses of the pardoning power. He promised great care and circumspection in the exercise of this prerogative of the Executive.

The Coming Poverty.

Business men are looking forward with fear to the future. No prudent man possessing capital, except under peculiar circumstances, wishes to enter into business, if he is out of it now.

To Pennsylvania Soldiers.

The undersigned, appointed to prepare a History of the Pennsylvania Volunteer and Militia organizations, having discovered many imperfections in the muster-out rolls of the companies, desires that each soldier, who served in any organization from this State, would furnish information in his personal history pertaining to the following points, viz:

1. Wounds.—If wounded, give the date; in what engagement; nature of wound; result of nature of wound; operations, if result, and by whom performed.

Second—No pardon will be granted unless notice of the application shall have been given to the judge who tried the case, to the district attorney, or to the attorney who prosecuted; proof of which notice shall be furnished this department.
