JURY COMMISSIONER - Inquiry ha ing been made as to the salary of t jary commissioners to be elected th fall under a late act of the legislatur it may be well to state that the la allows them two dollars and a half day for the time actually occupied the performance of their duties. it would probably not occupy the more than ten days, at the farthe each year, to attend to the duties of devolving upon them, the salary each would scarcely average ov twenty five dollars a year. "LOYAL" CHIVALRY .- Two papers at Fort Smith, Ark, the Standard and New Era, are quarreling for the leadership of the Republicad party. The New Era lately called the Standard editor "the bastard son of a renegade suicide." A brickbat came burlng after the New Era man, and he ran to shelter unharmed. The assailant paid \$1 fine in the police court.

A Republican meeting in Crawford county has requested the editors to tease quarreling, and make common cause against the common enemy.

The papers chronicle the death, in Brooklyn, of Mrs. Mary Arnold, aged one hundred and ten years. She used to visit General Washington when he fired in Pearl Street square, and dnring the war of 1812 assisted a noble band of women in throwing up the earthworks at Fort Greene. She has est is seventy years of age, and her descendants reach to the fifth generaearthworks at Fort Greens.

The Republican Party.

This is as pretty a piece two late, for future reference, are worth than the price of the publication. Any one than the price of the publication.
