The Caraleal of Crime. The fearful extent to which crime of every shade, is bursting out all over the country, must have arrested the attention of the most careless observer. The special causes of this raging epidemic are probably of a what complex character, but there is, perhaps, no one cause that exerts so wide and powerful an influence in stimulating this mania, as that growing out of our late civil war. grown familiar with the sight of blood. have become indifferent to the sight that storms over fields of carnage, bas perpetanted and diffused itself over bury hatchets and axes in the brains sin have we committed ? does this terribly chastening influence nance? eems to have sapped away, to a large tegrity seem to have lost their charm ments that load, and of suicides that the responsive beating of a heart. darken the columns of newspapers. From that war has grown the des-tructive assaults on life and property perpetuate, in multitudes of instances, the same contempt for the rights of
