RAILROAD.—We direct the attention of our readers to the proceedings, in another column, of a railroad meeting, held at Huntingdon a few weeks ago, for the purpose of furthering the prospects of the Washington and Lake Erie railroad. This road will be built, because it is designed to become the great through route from the North and West to the National Capital. The saving of time and money by this route, in ten years, will alone complete the two links that yet remain unfinished. A glance at a map will convince the most skeptical of this fact.

The Great Mail Letting.—For the benefit of our readers we transfer to our columns the schedules of all the mail routes that are now open in our county, and for which proposals are invited by the Post Master General for carrying the mails for four years, from the 1st of July, 1868. By the schedule of route No. 2428 it would seem as though the line from Sinnemahoning (Pennfield) to Clearfield would be discontinued.

Proposals will be received at the Contract Office of this Department until 3 p. m. of the 6th of December, 1867, for the route from Philadelphia, to June 30, 1872, in the State of Pennsylvania, on the routes and by the schedule of departures and arrivals herein specified.
