We are catting from 6,000 to 8,000 feet per day. Everything works splendid. Not a journal heated or anything else gone wrong since we started. We saw oak and pine logs that are so large that our saw won't reach through. The fittle engine drives the saw through with as apparent case as though the log was not half so large. We are quite satisfied that we can cut 10,000 feet per day.
