HOW TO SAVE MONEY

THE times are hard; you'd like to know. How you may save your dollars; The way to do it I will show, If you will read what follows.

A man who lived not far from here, Who worked hard at his trade, But had a household to support That squandered all he made.

I met him once. Says he, "My friend,
I look thread bear and rough;
Pve tried to get myself a suit,
But can't save up enough."

Says I, my friend, how much have you?
I'll tell you where to go
To get a suit that's sound and cheap:
To REIZENSTEIN & Co. He took what little he had saved.

And went to Reisenstein & Brothers', And there he got a handsome suit, For half he paid to others.

Now he is home, he tooks so well, And their effect in such, That when they take their daily meal, They don't eat half as much.

And now he finds on Saturday night, With all their wants supplied, That he has money left to spend, And some to lay aside.

His good success, with cheerful smile,
He gladly tells to all.
If you'd save money, go and buy
Your clothes atREIZENSTHIN'S CLOTHING HALL.

J. H. Davati. Dear Sir: We have been running our mill and engine constantly since we received it. We are cutting from 6,000 to 8,000 fost per day. Everything works plendlid. Not a journal heated or anything else gone wrong since we started. We saw eak and pine logs that are so large that our saw won't reach through. The little engine drives the naw through with as apparent case as though the log was not half so apparent ease as though the log was not half so large. We are quite satisfied that we can cut 10,000 feet per day.

SANDY Brnos, Fa., July. 27, 1863, J. H. Duvali—Sir: Our sogine and mill works nicely; gives good satisfaction. We have sawed from 6,000 to 10,000 feet of lumber per day.

The sawing was done on one of Duvall's Portable Saw Mills, which Mr. 11. has creeted in Polk township for our enterprising friend, Mr. A. S. Rhinsa. We don't think any mill in the county can beat this. Our lumber men should call and see the mill in operation.
