EARTHQUAKES -- Advice from the Sandwich Islands report the occuronce of the most terrific volcanic crup tions, accompanied by earthquakes probably ever recorded. They took place in Hawaii, in district of Kona, and the volcano is called Manna Loa. The earthquakes at times were so violent that no one could stand up; immense precipices were levelled to the earth and a tidal wave from the sea swept over the tops of the tall cocoanut trees. Five villages suffered from the visitation, eighty persons being known to have been killed. The mountain, while in eruption, vomited forth deep streams of lava, which pushed far out into the sea, driving the waters back, and agitating them as by storm. A huge island was thus

HOW TO SAVE MONEY.

THE times are bard; you'd like to know How you may save your dollars; The way to do it I will show, If you will read what follows. A man who lived not far from here,

Who worked hard at his trade, But had a household to support That squandered all he made.

I met him once. Says he, "My friend,
I look thread hear and rough;
I've tried to get myself a sait,
But can't save up enough."

Says I, my friend, how much have you? I'll tell you where to go To get a cuit that's sound and cheap: To REIZENSTEIN & Co.

To HELLENSTEIN & Co.

In took what little he had sared,
And went to Helsenstein & Prothers',
And there he get a handsome ruit,
For half he paid to others.

Now he is home, he looks so well,
And their effect is such,
That when they take their duily meal,
They don't eat half as much.

And now he finds on Baturday night, With all their wants supplied, That he has money left to spend, And some to lay aside.

His good success, with cheerful smils, He gladly tells to all. If you'd eave money, go and buy Your clothes at-
