Will some wise loyalist please tell us?

The Democrats of Clarion, at their County Convention last week, instructed their Senatorial delegates to vote for Hon, Wm. A Wallace for Senator. It looks as though Mr. Wallace will to be used in this connection, we have no opposition from a Democratic source for re-nomination.

A LOYAL LETTER .- The negro bureanites in Virginia are getting into trouble with their "colored brethern." The white trash have given Sambo the right to vote and hold office, but they don't want to make Senators and Mr. Alfred Lee, a colored gentlemen Congressmen out of them. To this of Georgetown, D. The Philadelphia Press says: "The political condition of Pennsylvania is coln's re election." There's no doubt coln's re election." There's no doubt of that. The Growing Strength of the

How grandly the great old I cratic party is booming up once more. In all its wontest majortic proportions it has risen from its alrep of eight years, and in the name of the people demands that its principles shall again control this Government of ours. And this demand will be must be respec-ted. Radicals may howl with indig-nation, and from their filthy store-township, Clearfield smarty. houses bespatter it with such slang cording to loyal statesmanship. In returning to the House of Representatives: would convince the masses that the salvation of the country does not depend upon the overthrow of their par ty, they must present stronger argo-ments than those offered by them. The day for such balderdash has passed. The people are not fools. They are patient and forbearing, but they are wise. They may be deceived for a period, but not always. They have been most egregiously deceived and betrayed during the last eight years. They will be so no longer. The day of retribution has at last come; and recognizing in the Democratic party their only hope of escape from the ruin that imponds, they are flocking to its standards by thousands—enlisting under its banners, swelling its ranks, adopting its time-honored principles, and prepared to march with it to triumphant victory next fall. Welcome, friends! welcome! You

come at a most opportune moment Your country needs your services and in no position can you so truly serve your country as in the ranks of the great party of the people. For almost eighty years it held the reins of the government, and during that long period the nation's history was one of unexampled prosperity. We were the envy and admiration of the entire basest of party purposes; it has enacted and enforced tyranical and unconstitutional laws; it has burdened us with a debt such as rests upon the shoulders of no other people; it has imposed upon us taxes that are crushing out the very life of business—in a word, it has violated every principle of a free government, and every prin-ciple of a free government demands that this party of destruction shall be destroyed. The hour for the commeneement of this great work has ar rived. The Democratic party, in the full paide of its strength and majesty. has undertaken it; and depend upon it it will be done quickly and well. Before high beaven the oath has been recorded, and the obligations of that onth will be fulfilled to the letter.

"Let us have peace," cries Grant, the "no policy" candidate. Ay! let us bave peace; but not such peace as Radicalism proposes. What the coun-

the Convention a song was sung, the chorus of which is in the following words.

Then raily again, then raily again, With the soldier, the sailor and Susseper; We'll fight it not here on the old Union line, No olds if it takes us all summer,

Whether the "bummers" will bring much strength to that party which Sonator Wilson declared is built on "The Rock of Ages," remains to be seen. One thing, however, in proven by the action of the Chicago Convention, in this particular, and that is, that no instruments are too dirty for their use, if they promise votes at the coming election .- Age.

A short time since a canvass of Bear Creek, tp., Luzerne county, was made and but one Radionl was found in it. He offered to move out, and leave the township unanimously Democratic for \$50. This was a pretty high price for such stock, but the Demerats raised the money and he left, leaving the township unanimous-ly Democratic. The last heard from him he was trying to negotiate with his old neighbors for permission to return on condition that he will vote the Democratic ticket.

It is said that President Johnson has had an elaborate proclamation of general amnesty drawn up by Mr. Evarts, Mr. Groesbeck, Judge Curtis and Judge Cushing, which he has considered and will issue on the Fourth of July. He believes it will be considered in all future time as the magna charta of the South and a token of magnanimity of the Government and 318] the Northern masses.
