

THE REPUBLICAN.

CLEARFIELD, PA. THURSDAY MORNING, SEPTEMBER 16, 1868

WHY A CHANGE IS NEEDED.

The National debt is now twenty-six hundred millions of dollars. Let surrendered on the 9th day of April, 1865; the National debt on that day was twenty three hundred and sixty-seven millions.

In three years of peace the debt has increased two hundred and thirty-three millions. The people have paid into the Treasury in those three years, fifteen hundred and twenty millions. In 1865, \$561,572,000; in 1866, \$490,634,000, and in 1867, \$471,700,000.

The official statements show that in the last two months the debt has increased \$13,258,599. All of this money came from the earnings of the people, and should have been applied to paying the debt; for it is a mortgage upon all of our property, and encumbers and oppresses us in our business.

Every article that enters into our daily use and consumption is taxed to raise this money. The poor man's ten cents is taxed as much as the rich man's hundred dollars. The sugar, coffee, and the leather out of which his shoes are made, the matches with which he lights his fire, the shovel, the pick, the plow and the harrow, all bear their share of these taxes, and all these increase the cost of living.

This system of taxation is more severe on the poor than the rich—for the necessities of a man (and not his property) are taxed, so that a poor man with a family of six, pays three times as much tax as the rich man with a family of two.

In the year ending June 30, 1868, four hundred and seventy millions of dollars were taken from the comforts and necessities of the daily lives of the people, and were put into the Treasury of the nation.

There are thirty millions of people in the Union, and this is more than fourteen dollars for each man, woman and child.

This is mainly paid in buying what we eat, drink and wear.

About eight days work are now required from the laboring man, to buy a barrel of flour, while in 1860 four days work would buy as good a one. One day's work now will only buy five pounds of coffee, while in 1860 it would buy twelve pounds.

The farmer, the mechanic and the merchant, find their profits all spent in the increased cost of living; in the large taxes imposed for State, county, municipal and city purposes; in the increased cost of tools, of clothing, of labor hired, and of taxes upon income, and they have nothing left.

Increase of the debt means increased hours of labor, increased taxes, and increased privations to the mass of the people.

The Radicals have wasted your money, and ought to be turned out.

The reconstruction of the South, with the negro above the white man, prevents prosperity there. The enormous taxes we pay to maintain the army and the Freedmen's Bureau in the South for this purpose. Instead of us paying over 100 millions each year to do this, the South ought to be put to work to earn 200 millions (as they did before the war) to help us to pay the debt and the taxes.

Take away the army and the Bureau, give the white man as good a chance as the negro, and it will be done.

They cannot buy our iron, cotton and woolen manufactures as long as we persist in keeping them poor. Put them to work to develop their resources, allow them to aid in governing themselves, and we will relieve ourselves from a grievous burthen.

The Radicals have put the negro above the white man, and ought to be turned out.

The exemption of bonds from taxation is unjust and oppressive. The poor man who owns a house and lot, has no right to be taxed to protect the property and educate the children of the rich man, who pays none, because his property is all in U. S. bonds.

The Radicals made this system, and defend it, and they ought to be turned out.

A greenback dollar is now worth about sixty-eight cents in gold. There are sixteen hundred millions of 5-20 bonds, which the bondholders want paid in gold, but which the law promised to pay in greenbacks. We now pay them one hundred and thirty millions in gold every year, and we find this a grievous load. The debt bearing gold interest has increased sixty-seven and a half millions in the last two months. This has added four millions to our burthen. If the principal of the 5-20's be paid in gold, it will add eight hundred million dollars to the value of the claim they make, and this terrible debt will crush the energies of the people. They paid greenbacks for the bonds at fifty cents on the dollar, and the contract was, they were to take the same in pay.

The Radicals are for paying the bondholder in gold, and ought to be turned out.

Reduce the enormous, useless and corrupt expenses of the Government, and thus dispense with taxation and leave the money with the people. Pay the debt as rapidly as possible; remove the curse of negroism in the South, and let the white man govern himself and help us pay our debt; tax the people equally and reduce taxation; reduce the amount of interest we must pay by paying part of the debt in greenbacks; restore the Union and obey the Constitution. Pursue this policy and business will brighten, our national troubles will be over, our credit will be at par, and a specie currency re-established.

The Radicals refuse to do this, and ought to be turned out.

The debt must be paid, but we must commence to pay it now, or it never will be paid; the people in power have learned to be extravagant, and cannot quit it if they wished to; a change can make it no worse; a change will reduce taxation, and ensure the payment of the debt.

Let us go for a change, and turn the Radicals out.

He took what little he had saved, and went to Reizenstein & Brothers, and there he got a handsome suit. For half he paid to others. Now he is happy, he looks so well, and they are all well. That when they take their daily meal, they don't eat half as much. And now he finds on Saturday night, with all their wants supplied, that he has money left to spend, and some to lay aside. THE sufferer from these diseases should exercise the greatest caution in the selection of a medicine for his case, as many are sold which he is assured O from his own knowledge and inquiries possess true skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In connection we would submit those well known remedies—

Hoofland's German Bitter, AND Hoofland's German Tonic, Prepared by Dr. C. M. JACKSON, Philadelphia, Pa.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and have effected more salutary results, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dropsy, Chronic Rheumatism, and all the various Diseases of the Kidneys, and all diseases arising from a Disordered Liver, Stomach, and Intestines.

Debility, Resulting from any cause whatever. Prostration of the system consequent on severe Labor, Hardship, Exposure, Fever, &c., &c. There is no medicine extant equal to this in its efficacy. A tone and vigor imparted to the whole system, the appetite strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the vitality given to the nerves, and the result is that invalid becomes a strong and healthy being.

Persons Advanced in Life, and feeling the hand of time weighing heavily upon them, if all its attendant ills, will be cured by these Bitters or Tonic, and will find it well worth their while to invest in a measure the energy and ardor of their youthful days, build up their shrunken form and give health and happiness to their remaining years.

Notice. It is well established fact that fully half of the female population of our population are afflicted with the disease of Leucorrhoea, or "white discharge," and it is to be regretted that "never feel well." They are languid, devoid of all energy, extremely nervous, and have lost all vitality. To this class of persons the Bitter or Tonic is especially recommended.

Weak and Delicate Children are made strong by the use of either of the remedies. They will cure every case of scrofulous without fail. Thousands of certificates have accumulated in the hands of the proprietor, and will be published of but a few. Those who are observed, are men of note, and of such rank that they must be believed.

Testimonials. Hon. George W. Woodward, Chief Justice of the Supreme Court of Pennsylvania, writes Philadelphia, Pa., March 16, 1868. "I feel Hoofland's GERMAN BITTER good tonic, useful in A disease of the digestive organs, and of great benefit in cases of debility and want of nervous action in system. Yours, truly, Geo. W. Woodward."

Hon. James Thompson, Judge of the Supreme Court of Pennsylvania, writes Philadelphia, April 29, 1868. "I consider Hoofland's German Bitter a valuable medicine in cases of Leucorrhoea, &c. I can certify this from experience. Yours, with respect, James Thompson."

From Rev. Joseph D. Kennard, D. D., of the Baptist Church, Philadelphia. Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with testimonials of different kinds of medicines regarding the present time as out of its appropriate sphere. I have in all cases declined; but I feel compelled, in this instance, and particularly in my own family, the usefulness of Dr. Hoofland's German Bitter. I depart for once from my usual course, to press my full confidence that for general use of the system, and especially for Leucorrhoea, it is a safe and valuable preparation. Some cases it may fail, but usually, I think, will be very beneficial to those who suffer from the above named. Yours, very respectfully, J. D. KENNARD, Eighth, below Center St., Philadelphia.

I have derived decided benefit from the Hoofland's German Bitters, and feel it my duty to recommend them as a most valuable remedy to all who are suffering from general debility from disease arising from derangement of liver. Yours, truly, E. D. FERRISS.

Caution. Hoofland's German Bitters are counterfeited. See that the signature of C. M. JACKSON is on the wrap of each bottle, and also on the wrapper. Printed Office and Manufactory, at the Steam Store, No. 421 Arch street, Philadelphia. (Formerly C. M. Jackson & Co.)

Price. Hoofland's German Bitters, per bottle—50 cents; per dozen—\$5. Hoofland's German Tonic, put up in quart bottles, per bottle—\$1.00; per dozen—\$10.00. Do not forget to examine well the wrapper, in order to get the genuine. For sale by all druggists and dealers in medicines.
