MARVELOUS INDUSTRY.—It is scarcely necessary at this day to say anything in praise of *Webster's Unabridged Quarto Dictionary*, 1840 pages and 3000 engravings. Having come into possession of a copy of the latest edition, we cannot refrain from expressing our admiration at the *marvelous industry and learning* which such a book must have called into demand. In the book line, this Dictionary deserves a place amongst the triumphs of the century. The publishers' part of this ponderous volume has been done with a beauty and substantialness which also deserves special commendation. "Reading the Dictionary," with this edition of Webster before you, is exceedingly interesting pastime. A copy of it must certainly be considered to belong to the appointments of every intelligent family. Its cost is $12, but it is cheap at that price.—*Moravian.*

John G. White, one of the pioneers of Philipsburg, was found dead in his room on Monday. He occupied the second floor of a house on Front street. It appears that on Saturday he fell down the stairs leading to his room and sustained injuries—supposed at the time to be slight—which resulted in hemorrhage. Living alone, he was not discovered until Monday morning. When found his body was lying upon the floor, partially under the bed, which was saturated with blood. The coroner's jury rendered a verdict of accidental death from a fall, producing hemorrhage.—*Philipsburg Journal.*

The New York *Herald* publishes the following: "G. St. Leger Grenfell, a prisoner on the Dry Tortugas, who escaped on the night of March 7, 1868. Any person who can give information whether he is alive or perished in his attempt to escape, will address F. F. Marbury, Counselor at Law, 61 Wall street."

AN OLD LADY.—Mrs. Elizabeth Costner died in Gaston county, N. C., on the 29th ult., at the advanced age of 103 years. Until within the past month she was active and enjoying the use of all her faculties. It is said she never wore a pair of spectacles, and her sight was good up to the day of her death.

School Convention.

In pursuance of the 43d section of the Act of Assembly, approved the 8th day of May, A. D. 1854, the School Directors of the several districts in the county of Clearfield, assembled in the Court House, on Tuesday, the 4th day of May, 1869, for the purpose of electing a County Superintendent for the ensuing three years.

The Convention was called to order at 2 o'clock, by the Superintendent, Mr. Snyder; and on motion of Mr. Luther, from Brady, John A. Blattenberger, of Osceola, was elected President. Mr. Blattenberger, upon taking the chair, made some appropriate remarks relative to the duties of Directors and the business of the Convention.

On motion of Judge Thompson, of Curwensville, and Dr. Good, of Osceola, D. F. Etzweiler, of Clearfield, and H. H. Morrow, of Goshen, were elected Secretaries.

At the request of the President, Mr. Morrow read the following call:

To the School Directors of Clearfield county:

Gentlemen: In pursuance of the forty-third section of the act of the 8th of May, 1854, you are hereby notified to meet in Convention, at the Court House, in Clearfield, on the first Tuesday in May, A. D. 1869, (being the 4th day of the month,) at 11 o'clock in the afternoon, and select, *viva voce*, by a majority of the whole number of Directors present, one person of literary and scientific requirements, and of skill and experience in the art of teaching, as County Superintendent, for the three succeeding years; determine the amount of compensation for the same; and certify the result to the State Superintendent at Harrisburg, as required by the thirty-ninth and fortieth sections of said act. Eighty-six Directors answered to their names—being ten more than three years ago, when nine districts (nearly one-third,) were unrepresented. Huston and Karthaus were the only districts unrepresented.

While the Secretaries were preparing the roll, Mr. Snyder and Mr. Sandford were called upon for speeches, which they made in a becoming manner. Mr. M'Cullough, at the request of the President, explained the new Act of Assembly and the proceedings had in the Legislature with reference to the school system.

The next business in order was to fix the salary of the Superintendent for the ensuing term. Mr. Arnold moved that it be fixed at $1,200; Mr. Baker, $1,000; Mr. M'Corkle, $1,500; Mr. Dressler, $1,250. The vote was taken on the highest sum, which was lost by a decided vote, as was the next; when the sum of $1,200 was adopted by a vote of 43 nays to 37 nays.

The nomination of candidates being next in order, Judge Thompson nominated George W. Snyder, and Mr. M'Cullough nominated Chas. B. Sandford. On motion of Mr. Gallagher, the nominations closed; whereupon the President announced that the next business in order was a ballot. The clerks then called the roll; and agreeing in their tally, the President announced that fifty one votes had been cast for Mr. Snyder, and thirty-five for Mr. Sandford, and that the former having received a majority of all the Directors present, was therefore duly elected County Superintendent for the ensuing term. The vote stood:

Spencer, Shipply, Thorp, Simon Thompson, J. D. Thompson, H. B. Thompson, Wise, Wertz, Weigley, Welty, Wolf.—51.

M'Cullough, Neff, Orr, Parks, Rider, Reisenstein, Read, Bowles, Shaw, Aaron Shirey, Smith, Savage, Tobin—35.

After the necessary proceedings, and a vote of thanks to the President, the certificates were made out, and the Convention adjourned *sine die*.

Senator Abbott declares that Senator Sprague has referred to him as "a puppy dog," and threatens to "smack Sprague's chops." Nye complains that Sprague has characterized him as "a charlatan and harlequin." It must be confessed that Senator Sprague has a knack of calling things by their right names.

All members of the M. E. Church, male and female, above 21 years of age, are eligible to vote next June on Lay Delegation. If a majority vote for it, supported by three-fourths of the membership of the annual conferences, it can be consummated by a vote of two-thirds in the General Conference of 1872.

Isaac N. Seymour has filled one position forty-four years. This was the Treasurership of the Delaware and Hudson Canal Company. He is now advanced in years, and has retired from sheer old age. The company has voted him an annuity of $2,000 per year.

A Mrs. Arbuckle, of Indiana, draws a pension for herself and sixteen children. Pensions are not allowed children after they become sixteen years old. How many children exceeding that age Mrs. Arbuckle has, is not stated.

The Radicals expended over one hundred and seventy seven thousand dollars during the last session of Congress, in depriving men legally elected of their seats in that body.

It is stated on good authority that General Canby has fixed the first Tuesday in July for the election in Virginia.

FOREIGN EMIGRATION.—The New York *Herald* says: Our Cork correspondent refers in his recent letters to unmistakable indications that the emigration from Queenstown will this year be unprecedentedly large. The various steamship companies having boats calling there are unable to accommodate the passengers who throng their offices, notwithstanding the rise in the price of passages to seven and eight guineas and the placing on their lines of all their available steamers and the chartering of others. The Cunard and Inman lines despatch one or two extra steamers a week to take out passengers left by their regular boats, and nevertheless eleven hundred passengers had to be left behind on a single day, the 15th ult. A similar activity reigns in the German ports. One feature is common to both the Irish and the German emigration of the present year. The emigrants are for the most part either skilled artisans or small farmers, and are usually well provided for the new career which they are to enter upon in this country. If they will only resist the temptations to linger in the crowded cities of the Atlantic coast and will hasten on their arrival here to the homes that await them in the great West they will never regret having immigrated to America."

TELEGRAPH AROUND THE WORLD.—The Washington correspondent of the New York *Herald* says: Governor Curtin, President of the East India Telegraph Company, and A. K. McClure, Solicitor of the corporation, had interviews with the Secretaries of State and Navy in relation to the introduction of telegraphs into China. The company have a grant procured by Mr. Burlingame, when he was the American Minister in China, authorizing them to lay a cable between Canton and Shanghae, thus connecting the commercial cities of the Asiatic coast by telegraph. They have five hundred miles of cable ready to ship and lay down, and will have the remaining five hundred miles ready to ship during the summer. Orders will be issued to the Commander of the Asiatic squadron to render all the necessary aid and protection. The State Department will instruct our Minister and Consuls to give their official aid to the enterprise. This line will be completed during the present year, and by that time there will be a continuous line from the Mediterranean Sea by India to China, thus connecting the commercial cities of Asiatic coast with Europe and America.

GENERAL LEE IN A NEW MOVEMENT.—The action of General Lee, as President of Washington College, Virginia, in taking up the movement for practical and technical education in this country is likely to make as great an impression upon our old fogy schools and colleges as he did in military tactics upon our old fogy commanders in the palmy days of the rebellion. He proposes to place Washington College in the front rank of the march of modern ideas by adding practical instruction in agriculture, mechanics, engineering and
